Mr. J. Edgar Hoover.
U. S. Dept. of Justice
Washington D. C.

Dear Mr. Hoover:

I am highly desirous of entering the employ of the Dept. of Justice, and herewith present the basis of my request for a letter of application:

Name ----- Robert E. Lee
Place of birth ----- Chicago, Illinois
Weight ----- 170 lbs.
Height ----- 5ft. 10 in.
Nationality ----- Irish descent
Religion ----- Roman Catholic
Education ----- De Paul University
----- (majored in accounting)
Age ----- 25 yrs.

My experience in my profession has been very complete, in-as-much as I have done, at various times, almost all phases of accounting and auditing, including tax work. I am at present profitably employed by a large real estate firm as an auditor doing a good deal of investigative work.

I am fairly well satisfied with my present position, but my ambition for the last few years has been to get into investigative work for the Government, and I have sought employment with that end in view, seeking to train myself so that when my age permitted I might be well equipped to compete for a position with your dept.

Expectantly Yours, *(initials)*

Re: INQUIRY RE. GEORGE BUTLER

In response to Mr. Ladd's request, I proceeded to the Great Northern Hotel to contact one Charles Jenkins. Mr. Jenkins was not registered at the hotel, was found in the lobby when I had him paged. He is a man of about sixty years old, five feet five inches, ruddy complexion, blue eyes, wears glasses, thin gray hair streaked with brown, wore a brown suit with a pencil stripe. The text of the interview is substantially as follows:

Your name, Mr. Jenkins?
Charles Jenkins, Faust Hotel, Rockford.

Occupation?
Formerly a practicing attorney and now semi-retired.

How long have you known George Butler?
Have known him since he was a boy. He is now about 26.

What is Mr. Butler's occupation at the present time?
He is a practicing attorney in Rockford and is associated with a man named John Page.

What is the address of George Butler?
About the ten hundred block on East State Street, Rockford, Illinois.

His description?
He is light complected, blond, six feet, about 190 pounds and as far as I know has never had anything wrong with him mentally or physically.

Is he married?
No. He lives with his mother and father.

What is his father's occupation?
His father is advertising manager of the Rockford Star.

Does George Butler use intoxicants?
Never to my knowledge.

Was George Butler ever arrested or was he ever a party to a court action?
Never to my knowledge.

What is your personal opinion of Mr. George Butler in the capacity of an Agent for the Department of Justice?
I think he would make a fine man. I have never known him to have any bad habits and as far as I can see he is courageous and stable.

Do you know anything about Mr. Butler's finances?
Mr. Butler, as far as I know is just getting along.

Do you think that Mr. Butler would stick to a job of this type or is he interested in the novelty?
Inasmuch as he has been with this law firm for some time I am inclined to believe that he is stable enough to stay with it.

REFERENCE: Bureau letter dated October 26, 1937 (67-100570).

DETAILS:

Henry Coopland, Manager of the Roosevelt Hotel, St. Louis, Missouri, was interviewed and stated that applicant was employed by the Roosevelt Hotel as Auditor from the latter part of 1935 until the middle of 1936 and that since that time he has been employed in the same capacity by Downs-Mohl & Co., Chicago, which company handles the accounting for the chain of hotels of which the Roosevelt is a member, and that applicant has audited the books of the Roosevelt Hotel while with Downs-Mohl & Company; that while employed at the Roosevelt Hotel applicant lived there with his wife and that he (Mr. Coopland) found him to be a very high type of an individual, possessing unusual ability and excellent character and reputation; that he always paid his obligations promptly, and that he would not hesitate to recommend applicant for the position sought.

Mr. G. W. Heath, Auditor of the Roosevelt Hotel, St. Louis, stated that applicant came to the Roosevelt in October, 1935, having previously been employed as Auditor for the American Bond & Mortgage Co., Bondholders Protective Committee, Chicago; that he remained at the Roosevelt until about August 1, 1936, at which time

applicant and Heath traded positions; that applicant possessed unusual ability as an accountant and that the position he held with the American Bond & Mortgage Co., Bondholders Protective Committee, required a comprehensive knowledge of accounting, and that the hotel management thought so well of applicant, they made a place for him with Downs-Mohl & Company as Auditor. Mr. Heath stated that applicant resided at the Roosevelt Hotel during the time that he was employed by the hotel and had no outside associates that he knew of; that applicant was not particularly fond of St. Louis and the reason for trading positions was that applicant's relatives reside in Chicago and he desired to return to that city; that there is no question as to applicant's character and reputation and qualifications as an accountant.

Mr. James C. Leduc, Assistant Manager of the Hotel Jefferson, St. Louis, Missouri, stated that while he was Assistant Manager of the Roosevelt Hotel applicant was there employed as Auditor; that he came to know applicant quite well and was impressed with his industry and ability and found him to be a young man of excellent character. Mr. Leduc knew of no persons outside of the management of the hotel with whom applicant associated, as his stay there was comparatively short.

Credit Rating

At the office of the Chicago Credit Bureau, 35 South Dearborn Street, Chicago, Illinois Agent interviewed Mr. JOSEPH REIS, who searched his records and advised that ROBERT E. LEE, 712 Diversey Avenue, giving a former address of 2327 Seminary Avenue, Chicago, Illinois on August 25, 1936 had had an inquiry made concerning him by the New Kennedy Furniture Company, 3047 North Lincoln Avenue, and the applicant's credit rating was considered good. At the time that applicant applied for credit he gave his occupation as auditor, his wife's name as Wilma, and stated that he was employed by the American Bond and Mortgage Company, 111 West Monroe Street, Chicago, Illinois.

At the New Kennedy Furniture Company, 3047 North Lincoln Avenue Mr. G. B. BURNS credit manager advised that applicant had opened an account with that company in December 1936 at which time he purchased furniture in the amount of \$365.00 and paid \$200.00 down. He agreed to pay \$5 twice a month on account, which account has been taken care of religiously. The Kennedy Furniture Company was never required to send applicant any notices and he was considered as being a very good credit risk.

Check at Police Department

The records of the Bureau of Criminal Information and Statistics, of the Chicago Police Department were searched without finding any record on applicant.

References

At 1010 Webster Avenue, Chicago, Illinois agent interviewed Reverend JAMES THOMPSON, C.M., which address was likewise found to be that of the DePaul Academy, St. Vincent's Parochial School and St. Vincent's Church. Father THOMPSON when interviewed relative to the reputation and character of applicant advised that he has known applicant for the past three years and that during that time he had upon several occasions visited applicant at his home, and the home of his parents at 2327 Seminary Avenue, and that during that time he had occasion to become well acquainted with applicant, and believed him to be honest and upright, of exemplary character, and stated he would not hesitate to recommend the applicant for the position he seeks.

Doctor F. X. O'MALLEY, 1100 Webster Avenue, Chicago, Illinois when interviewed advised he has known applicant since the latter was a child and has attended him during his lifetime, and he could not remember any serious illness that applicant had, stating that he is in perfect health; that his heart and lungs are normal; that he has never had any organic disorders. Doctor O'MALLEY advised that he considers applicant honest and

straightforward; that he is aggressive and ambitious, and anxious to get ahead; that during the time he has known applicant he never knew him to be in any neighborhood trouble, and that he had worked since he was a boy in order to defray his expenses through school. Doctor O'MALLEY further stated that the family is headed by PATRICK LEE, a former police officer of the Chicago Police department, and who is now employed as an investigator by the Chicago Elevated Lines; that he has endeavored to bring up his children in a God fearing manner, and that an older brother EDWARD LEE is engaged as an accountant, a younger sister is married and an older sister is a nun in Milwaukee. Doctor O'MALLEY advised that he would not hesitate to recommend the applicant for any position for which he is qualified.

JAMES FITZGERALD, 2329 Kenmore Avenue, Chicago, Illinois advised that he has known applicant since childhood and attended St. Vincent's Parochial School and DePaul Academy with him, although he was two years ahead of the applicant in school. He stated that applicant is a very close friend of his and visits his home at least once a week with his wife, and that he has always considered applicant as being one of the best boys who grew up in that neighborhood, and had always lived a good clean life; that while he was in high school he had been engaged in dramatics and was a member of the Dramatics Club which produced three shows a year, and in which applicant appeared as an actor, and that applicant had also been very active in conducting the school dances. With reference to any outside activities of applicant Mr. FITZGERALD stated that applicant never associated with any particular group in the neighborhood, but had always been employed since he was graduated from grammar school; had always sought to better himself by defraying the expenses of his college education. Mr. FITZGERALD stated that applicant was married in July 1936 at St. Louis, Mo. to WILMA RECTOR who had been graduated from the Columbus Hospital connected with Loyola University in Chicago as a graduate nurse, and that she has always borne a very good reputation, and that applicant had kept company with her for about four years prior to their marriage, and that applicant's wife had been in training as a nurse with Mr. FITZGERALD'S wife, and because of these associations there was a close bond between the two families. Mr. FITZGERALD also advised that applicant's wife is expecting a child in December or January, and that applicant has already saved and put away sufficient money to defray the entire expenses in connection with the birth of this child.

Several attempts were made by Agent to locate and interview GEORGE DAVIDSON, whose address is given as 2325 Seminary Avenue, but there is no such address, and inquiry in the neighborhood failed to reveal the identity of this person. It should be noted that this address, if existent, would be next door to the home of applicant's parents.

Several attempts were likewise made to contact Mr. G. O. PODD, care of Horwath and Horwath, 311 South Michigan Avenue, with negative results.

Education

At the office of the Registrar, DePaul Academy, 1110 Webster Avenue, Chicago, Illinois Agent interviewed Mr. HERHICK, who searched his records and advised that applicant had attended that school in 1927 to June 16, 1931, pursuing a general academic course, in which he received a diploma ranking 29th in a class of 121, and during his four years in attendance there had maintained a general average of 86.6 percent. The records likewise revealed that applicant attended classes regularly and that there were no notations against him of a disciplinary nature. The records also revealed that applicant had graduated from St. Vincents Parochial School, June 21, 1927, which school is also connected with the DePaul Academy, and during that time his grades were good and conduct good. While at De Paul Academy Agent interviewed Father AHERNE, director of athletics of DePaul University who had taught applicant in his English classes during the time he had attended DePaul Academy. Father AHERNE advised that to his knowledge applicant had always been a good student, had never caused any trouble in class of any nature, had been amenable to discipline, and Father AHERNE considered him to be a real American boy. He stated that due to his associations with applicant he believed him to be honest, industrious and upright, and that he would not hesitate to employ applicant himself in any position for which he might be qualified.

At the office of the Dean, College of Commerce, DePaul University, 64 East Lake Street it was ascertained that applicant had attended the evening division from September 1931 to June 1934, and during that time had attended six semesters and had pursued courses in business law and accounting. It was likewise ascertained that during his attendance there applicant had put in a total of 36 semester hours, and that 32 semester hours equaled one year of day school. In order to facilitate comprehension of the grades attained by applicant while in the College of Commerce, the following system of grading was obtained and is set out:

- A - 93 to 100
- B - 84 to 92
- C - 75 to 83
- D - 70 to 74 (barely passing)
- F - Below 70 (failure)

A complete record of applicant's grades is being set out below together with his semester hours:

At the Evening School of Commerce, YMCA, 19 South LaSalle Street, Chicago, Illinois it was ascertained that applicant enrolled for the Spring semester in February 1937, and attended classes for one hour one night a week until June 1937, but did not attend the last two classes or take a final examination. In the course which he pursued, which was that of Federal Income Tax law, he was considered as having had an incomplete semester, and had attained a grade of D in his class work, which is the lowest passing grade at that school.

Employment

MR. A. E. BROWN, 1100 Fullerton Avenue, Chicago, Illinois was interviewed and advised he has been operating a drug store at his present location for thirty years, and during that time he has known applicant's family for about twenty years, and has always held them in the highest esteem, and that the applicant's father has endeavored and succeeded in bringing up his family in the proper manner, and that the entire family is well thought of in the neighborhood.

With reference to applicant Mr. BROWN advised he first employed him while he attended high school, and that applicant remained in his employ for about four years as a clerk, during which time the applicant impressed Mr. BROWN as being honest, capable, possessed of initiative and ambition, and having a pleasing personality. He stated that applicant was well liked by the customers, and the people in the neighborhood, and that he considered him to be capable of assuming any duties or assignments that might be required of him, and that he would render a creditable account of himself.

At the Congress Hotel, Congress and Michigan Avenue, Chicago, Illinois Agent interviewed Mr. J. E. HARTWELL, auditor, who from his records advised that applicant was employed by the Congress Hotel on December 4, 1923 and remained until January 2, 1925, as beverage and liquor comptroller; that during that time he was employed at a salary of three dollars a day, and had been introduced to that hotel by his brother EDWARD LEE who had been Comptroller for the hotel for six years, and who at the present time is employed by Horwath and Horwath. The record of applicant's physical condition revealed that he had been examined four times during his period of employment and no illness or disability had been found. MR. HARTWELL advised that applicant married WILLIAM RECTOR, who had been employed at that time by the hotel as a cashier, and that applicant's wife had been held in high esteem by the other employees.

With reference to his personal recollection and knowledge of the applicant Mr. HARTWELL advised that he considered him to be clean-cut, honest and aggressive; that he always performed his duties in a creditable manner and that he left the employ of the Congress Hotel voluntarily to obtain a position holding better possibilities for advancement.

At the Great Northern Hotel, Jackson Boulevard and South Dearborn Street, Chicago, Illinois Agent interviewed MR. L. C. LEVERING, managing director, who advised that at the time applicant was employed by that hotel it had been under the management of the Marshall Field estate, and he referred Agent to Mr. CARL WEITZEL, Room 4308 Field Building, Chicago, Ill.

MR. WEITZEL when interviewed advised that applicant had been employed as an assistant auditor at the Great Northern Hotel from January 2, 1935 to October 31, 1935, and that during that time he received a monthly salary of \$100.00 to September 30, 1935, and from October 1 to October 31, 1935 he received a monthly salary of \$110.00. Mr. WEITZEL recalled that applicant had shown some dissatisfaction with the wages he was receiving during the first nine months of his employment, and had requested an increase in salary, and he had been given a ten dollar increase, but applicant was evidently dissatisfied with this inasmuch as there was no future advancement in sight for him, as the turnover of personnel within the Marshall Field estate offices is very slight and he would probably work there for a number of years without any material advancement, and applicant had left their employ to accept a position with greater remuneration.

During the time of his employment applicant was considered capable and industrious, and he was accustomed to work many hours overtime in order to keep his work current and to see that his duties were fully completed, and the management at that time had been sorry to see him leave as he was well liked by his employers and fellow employees.

Agent interviewed Mr. JOYCE N. LEHMAN, secretary of the Bond Auditors Protective Committee, American Bond and Mortgage Company, 111 West Monroe Street, Chicago, Illinois who advised that applicant had been employed by the Bond Holders Committee as an accountant from the latter part of 1935 up to several months ago, when a subsidiary corporation was formed to take over the management of approximately 35 pieces of real estate in Chicago, and is now operating under the name of Downs, Mohl and Company, First National Bank Building, Chicago, Illinois, and that applicant is employed as an auditor with that corporation. MR. LEHMAN advised that shortly after applicant entered their employment they sent him to St. Louis, Missouri as auditor in the Roosevelt Hotel, and that when applicant was married during July 1936 he had expressed a desire to return to Chicago to work and a transfer was effected. Although Mr. LEHMAN did not have supervisory capacity over applicant he did have ample opportunity to become acquainted with him and became familiar with his work inasmuch as Mr. LEHMAN himself is an accountant of fifteen years standing. He stated that in his opinion applicant has never had any public accounting experience and his work has been confined to real estate and hotels, and he considers applicant to be better than a bookkeeper but not possessing the qualifications of an auditor, and that during the time he had an opportunity to observe applicant he was impressed with the initiative and aggressiveness applicant displayed in conducting his own work and offering suggestions to other employees and officers of the company. MR. LEHMAN recalled an incident when several of the members of the firm had a debate on a technical subject relative to their real estate management, and applicant had entered into it and had given a very

good account of himself in upholding his own ideas and in propounding his theories. Mr. LEHMAN advised that although he would have some hesitancy in recommending applicant for a position as an auditor, he would recommend him unqualifiedly for a position which involves general accounting work.

Neighborhood Investigation

During the course of this investigation it was ascertained that the present residence of applicant, 659 Wrightwood Avenue, is in an apartment house district, and that no information would be available from the residents therein.

Agent contacted Mr. HOWARD MILLS, the janitor and resident manager of the above address, who advised that applicant and his wife have been living there since January 1, 1937 under a one year lease which expires January 1, 1938, and that during that time applicant has always paid his rent on time, and is considered to be a very dependable tenant. Mr. MILLS expressed a desire to have the building entirely occupied by persons of applicant's caliber.

At 712 Diversey Parkway SAUL KOSSOFF, Manager, stated that applicant had been living there with his wife from August 1, 1936 to Jan. 1, 1937, and that during that time although he did not have a great deal of opportunity to become well acquainted with applicant, he considered him honest, reliable and a very desirable tenant, and that he had never had any trouble of any sort with applicant.

The Bureau was furnished with a summary of the foregoing information by teletype on November 4, 1937.

Mr. Coopland, Manager, Roosevelt Hotel, St. Louis, stated applicant is a very high type individual and possesses unusual ability. He does not hesitate to recommend applicant. Mr. Heath, Auditor, Roosevelt Hotel, stated applicant possessed unusual ability as an accountant; that applicant was not particularly fond of St. Louis and the reason for his being transferred was that applicant's relatives reside in Chicago and he desired to return to that city. Personal interview with interviewing official D. M. Ladd.

Reports that applicant has a ^{good} personal appearance, approach and personality; he has ordinary features; has fair assurance; is average in tact; answers

general questions definitely; has had investigative experience as an Accountant; appears resourceful and appears to have some executive ability, and is likely to develop; however, he is average in dress and poise, and has not studied Federal Procedure. Mr. Ladd believes applicant would be well suited for the duties of a Special Agent (A) with Bureau training. Applicant's dictation test was fair.

Dear Mr. Lee:

I am enclosing a letter signed by the **Attorney General**, appointing you as a Special Agent in the Federal Bureau of Investigation, United States Department of Justice, in grade CAF 9, with salary at the rate of \$3200 per annum. THE FBI PLEDGE FOR LAW ENFORCEMENT OFFICERS

Humbly recognizing the responsibilities entrusted to me, I do vow that I shall always consider the high calling of law enforcement to be an honorable profession, the duties of which are recognized by me as both an art and a science. I recognize fully my responsibilities to defend the right, to protect the weak, to aid the distressed, and to uphold the law in public duty and in private living. I accept the obligation in connection with my assignments to report facts and to testify without bias or display of emotion, and to consider the information, coming to my knowledge by virtue of my position as a sacred trust, to be used solely for official purposes. To the responsibilities entrusted to me of seeking to prevent crime, of finding the facts of law violations and of apprehending fugitives and criminals, I shall give my loyal and faithful attention and shall always be equally alert in striving to acquit the innocent and to convict the guilty. In the performance of my duties and assignments, I shall not engage in unlawful and unethical practices but shall perform the functions of my office without fear, without favor, and without prejudice. At no time shall I disclose to an unauthorized person any fact, testimony, or information in any pending matter coming to my official knowledge which may be calculated to prejudice the minds of existing or prospective judicial bodies either to favor or to disfavor any person or issue. While occupying the status of a law enforcement officer or at any other time subsequent thereto, I shall not seek to benefit personally because of my knowledge of any confidential matter which has come to my attention. I am aware of the serious responsibilities of my office and in the performance of my duties I shall, as a minister, seek to supply comfort, advice and aid to those who may be in need of such benefits; as a soldier, I shall wage vigorous warfare against the enemies of my country, of its laws, and of its principles; and as a physician, I shall seek to eliminate the criminal parasite which preys upon our social order and to strengthen the lawful processes of our body politic. I shall strive to be both a teacher and a pupil in the art and science of law enforcement. As a lawyer, I shall acquire due knowledge of the laws of my domain and seek to preserve and maintain the majesty and dignity of the law; as a scientist, it will be my endeavor to learn all pertinent truth about accusations and complaints which come to my lawful knowledge; as an artist, I shall seek to use my skill for the purpose of making each assignment a masterpiece; as a neighbor, I shall bear an attitude of true friendship and courteous respect to all citizens; and as an officer, I shall always be loyal to my duty, my organization, and my country. I will support and defend the Constitution of the United States against all enemies, foreign and domestic; I will bear true faith and allegiance to the same, and will constantly strive to cooperate with and promote cooperation between all regularly constituted law enforcement agencies and officers in the performance of duties of mutual interest and obligation.

MEMORANDUM FOR MR. CLEGG

Re: Robert E. Lee,
New Special Agent.
Driving Test.

On January 22, 1938, the writer gave Trainee Robert E. Lee a driving test for the purpose of testing his efficiency in the operation and handling of the Bureau automobiles.

Mr. Lee informed the writer that he has had very little experience in automobile driving having driven a total of approximately 500 miles during his entire life. He further stated that he does not have an operator's or driver's license in any state since he resided in Chicago, Illinois, where an operator's license is not required.

The writer observed that Mr. Lee experienced great difficulty in driving an automobile; that he did not signal when making left turns and that he had a great deal of trouble in parking the automobile. It was further noted that Lee drove in and out of the Department of Justice garage with great difficulty. It should be noted, however, that Mr. Lee is an extremely careful driver and it is believed that when additional instruction is given him he will develop into a reasonably efficient driver.

It is the opinion of the writer that at the present time Mr. Lee should be given an unsatisfactory rating.

Respectfully,

W. M. Sirene

Dear Sir:

Special Agent (A) **Robert E. Lee** will complete his course of training at Washington on **April 16, 1938**, and has been ordered to report to your division for general assignment.

This employee has had no experience in this Bureau in either general or accounting investigations. MEMORANDUM FOR THE DIRECTOR

Re: Training School for New Special
Agents -

The following comments are made with reference to the members of the above class, which completes its course of training on APR 16 1934. In making these comments many of their weaknesses are emphasized in order that they might serve as a guide in the assignment of these Special Agents to their first offices of assignment.

ROBERT E. LEE - SPECIAL AGENT (A)

To Richmond

Age	26
Marital status	Married
Education	3 years in college, majoring in accountancy
Previous valuable experience	Auditor and cashier
Legal residence	Chicago, Illinois
Offices of preference	Hawaii, Chicago, Peoria

Remarks: He looks Jewish but is Irish. Ability is average only. Lacking in outward signs of aggressiveness and initiative but works hard. Has lived in a metropolitan area most of his life. He is lacking in knowledge of rural sections and activities and it is believed that his early training should be in some metropolitan area, located in any section of the United States, until after he has had a few months' experience and then he should be transferred to a rural district for its broadening effect.

Respectfully,

N

Memo. for the Director.

April 19, 1938.

REMARKS

This Special Agent makes a fairly satisfactory personal appearance; is possessed of average ability; is lacking in initiative and has average evidences of forcefulness. He is a hard worker and is on his toes ready to undertake any assignment conscientiously and adapted rather easily to the work in the class. He appears to have spent most of his life in a metropolitan area. He is below average in ability to handle a automobile and although given considerable training he still needs supervised practice before he can be well qualified. He is almost totally lacking in knowledge of rural sections and conditions. He was attentive; tactful and amenable to discipline.

Respectfully,

H. H. Clegg

Dear Sir:

Reference is made to Bureau letter dated July 16, 1938, concerning the actions of Special Agent ROBERT E. LEE, of this Division, who interviewed one JOHN E. BURNS shortly after his arrest by Officer H. C. GATEWOOD of the Virginia State Police on June 25, 1938.

Immediately upon receipt of Bureau letter Special Agent LEE was requested to furnish me with a supplemental memorandum concerning this matter and copies of this memorandum are being furnished herewith to the Bureau.

With reference to the last paragraph of the Bureau letter, to the effect that the Bureau desires to be advised why Special Agent LEE guaranteed BURNS appearance and why this action was permitted by me, please be advised that I was absent from this Division on that date and Special Agent ROBERT L. MURPHY was Acting Special Agent in Charge. Special Agent MURPHY advises me that Agent LEE did not consult him prior to taking this action but guaranteed BURNS appearance on his own responsibility and for the reasons stated in the attached memorandum submitted by Special Agent LEE. Special Agent MURPHY further advises me that the call which was received at the Richmond office concerning BURNS arrest, occurred late on Saturday afternoon, June 25, 1938, just as Special Agent MURPHY was leaving the office. Special Agent MURPHY was not advised concerning the action taken by Special Agent LEE until on the afternoon of the following day.

Special Agent LEE has been cautioned to exercise more care in matters of this kind in the future and I sincerely regret that he took upon himself to guarantee the appearance of BURNS in Court when he had no authority to do so. However, it is my belief from a reading of his memorandum that Officer DAVIS of the Henrico County Police also understood that Special Agent LEE was personally guaranteeing the appearance of BURNS and that he was not doing it in his official capacity. Every effort will be made to prevent future occurrences of this nature.

July 21, 1938

MEMORANDUM FOR THE SPECIAL AGENT IN CHARGE:

Reference is made to Bureau letter dated July 16, 1938, concerning my actions when interviewing one JOHN E. BURNS, who was arrested by Officer H. C. GATEWOOD of the Virginia State Police on June 25, 1938, for speeding.

The fourth paragraph of this communication suggests that the fact that BURNS was not employed by the Bureau should have been brought to the attention of the arresting officers. Please be advised that the interview was conducted in the presence of Officer DAVIS of the Henrico Police, who was therefore in possession of the facts in the case as outlined in my memorandum of July 7, 1938. Arresting Officer H. C. GATEWOOD of the Virginia State Police was not available at the time of the interview, as he had business elsewhere and he had asked Officer DAVIS to handle the matter for him. Officer GATEWOOD was not contacted until the following Tuesday, at which time he stated that BURNS did tell him that he was an employee of the FBI. Officer GATEWOOD further said that the signs, indicating that the portion of the road where BURNS was arrested was a restricted zone, had been removed several days before BURNS was arrested without the knowledge of Officer GATEWOOD and that if, at the time of the arrest, he had known that these signs had been removed, he would not have made the arrest.

The same paragraph of the above referred to communication requests that the reason I guaranteed the appearance of BURNS in Court, be explained. At the time I did this the thought did not occur to me that I was doing wrong, as I felt that I was doing this personally and not as a Special Agent of the FBI and should BURNS have failed to appear, I would have had to pay the sum of \$9.25. At the time of the interview he did not tell me that he was employed by the FBI, but that he expected to be. He seemed very sorry about the matter and Officer DAVIS suggested that I could guarantee his appearance so that he could return to Washington and secure funds to pay his fine. I did this solely out of pity for him and did not intend to act contrary to your wishes. I realize now I should have consulted you telephonically before taking such action.

Respectfully submitted,

R. E. LEE,
Special Agent.

Re: SPECIAL AGENT (A) ROBERT E. LEE
THIRTY DAY EFFICIENCY REPORT.

Dear Sir:

In accordance with the instructions contained in Bureau letter dated July 14, 1938 this report is being submitted by Special Agent Robert L. Murphy in the absence of Special Agent in Charge M. E. Gurnea.

Special Agent Lee entered on duty at this division on April 16, 1938 from training school. As he is a new agent he has not performed any accounting work as yet but has worked on a variety of common types of cases including National Motor Vehicle Theft Act, White Slave Traffic Act, applicant cases, Theft from Interstate Shipment, and a number of others. This agent has shown considerable interest in his work, especially in the investigation of White Slave Traffic Act cases, and during the time he has been here he has worked on one bankruptcy case of a fairly simple nature.

Special Agent Lee presents a generally satisfactory personal appearance, has a genial personality, appears to make friends easily and is sincerely interested in his work and loyal to the Bureau. He appears to enjoy good health, is industrious and voluntarily puts in a considerable amount of overtime.

It is my observation that Special Agent Lee generally conducts a good investigation for a new agent but he has a tendency to omit some important phases of some investigations and his reports while generally satisfactory require considerable supervision. His chief difficulty in this respect is his tendency to be too brief in writing reports and as a consequence he sometimes omits important details. These matters have been discussed with him and he accepts criticism in a splendid manner and is apparently making a sincere effort to correct these faults.

JUL 27 1938

[Handwritten signature]

[Handwritten signature]

[Handwritten signature]

[Handwritten signature]

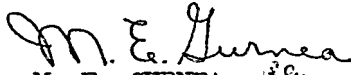

His dictation is fair considering the length of time he has been in the Bureau and while he has not been on any extended road trips requiring him to prepare many rough drafts he has submitted some rough drafts, which were of average quality.

This agent appears to possess reasonably mature judgment, is tactful and while he appears to have had little or no knowledge of conditions in rural sections at the time of his arrival at this office, he has increased his knowledge in this respect to a considerable extent by a number of short road trips he has taken from this office into the rural sections of this district. During a recent firearms training period I had an opportunity to observe his ability with firearms and noted that his conduct on the range is good. At the present time I would rate his ability with firearms only fair and it is noted that during a recent training period he did not qualify with the .30-06 rifle. Due to his temperament it is believed that with additional training in the use of firearms that he will be able to function reasonably well on dangerous assignments.

When this agent first arrived at this office he was rated as an unsatisfactory automobile driver. He has been given considerable training in this respect and has shown some improvement. However, it is believed that his rating in this respect is only fair at the present time and that he needs more experience in automobile driving.

At the present time as Special Agent Lee is making satisfactory progress generally I would rate him as good for an agent of his length of time in the Bureau and believe that with additional training and experience he will develop into a better than average agent.

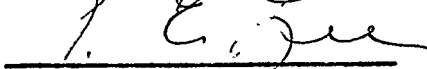

Very truly yours,

M. E. GURNEA
Special Agent in Charge

REMARKS

SAC Gurnea reports this employee has been assigned to uninvolved leads since assignment to Richmond and has also handled short overnight road trips. He indicated no disturbance in working away from the office where he could not be closely supervised. He conducted an excellent investigation of one White Slave case. He also conducted himself well in the raid conducted in that case. He did not become nervous or excited in any way. Mr. Gurnea observed him interviewing one of the prostitutes and felt that he was yet a little immature and lacking somewhat in force. He has displayed excellent enthusiasm and appears to be extremely interested in his work. Upon completion of one assignment, he immediately requests additional work, performs considerable overtime, very frankly asks questions when in doubt, admitting that he desires advice on how to proceed. He has displayed an average good knowledge of the Bureau's work for a new man. His judgment appears to be satisfactory although he has not been called upon to make any important decisions. He is amenable to discipline and appreciative of constructive suggestions. He has not yet testified nor has he attended firearms training. He presents a fair appearance which Gurnea believes will improve during his service in the Bureau. He is not a satisfactory automobile driver and it is necessary to give him additional training along these lines. Due to the short period of time he has been assigned to the Richmond office, Mr. Gurnea gives him a rating of "good" for a new Special Agent and stated he is progressing satisfactorily.

RECOMMENDATION: I respectfully recommend no change in grade or salary at this time.

REMARKS:

(Under this heading shall be set forth a digest of criticisms and conditions of significance which will reflect deficiencies, meritorious features, and special qualifications or disqualifications.)

Since his arrival in this district this Special Agent has been assigned to uninvolved leads in the City of Richmond and has also been assigned work that would necessitate short overnight road trips out of the city. When assigned the road trips, he apparently did not seem at all disturbed over the responsibility of working away from the office where he could not be closely supervised.

Among the cases assigned to him in the City of Richmond he was recently assigned a White Slave case entitled BELLE HODGES, with aliases; FLAKIE BRYSON, VICTIM, and on which he conducted an excellent investigation which resulted in the arrest of the subject and the detaining of Flakie Bryson as a material witness. Special Agent Lee accompanied other agents of this office on the raid and he was personally observed by the writer to conduct himself well during that time. Although such an experience was new to him he was apparently not nervous and did not become excited in any way. Following the raid the writer had occasion to witness him interviewing one of the prostitutes found during the raid and it was observed that he is as yet a little immature along these lines and lacks some force.

Since his arrival here he has displayed excellent enthusiasm and appears to be extremely interested in his work. Being a new agent, he has only been assigned a few cases at a time and upon completion of those cases he would immediately request additional work. He has worked a considerable amount of overtime and has entered no complaints relative to these duties whatsoever. He is very frank in asking questions and when in doubt about any phase of the investigation, frankly admits he desires advice on how to proceed. He has displayed an average good knowledge of the Bureau work for a new agent. Insofar as his judgment is concerned, it appears to be satisfactory although due to the fact that his work has been closely supervised he has not been called upon to make important decisions. He is amenable to discipline and seems to appreciate constructive suggestions. At those times when it has been necessary to correct him in his work, he accepts the suggestions well and does not attempt to bluff his way out or excuse his errors. He has not as yet had an opportunity to testify in any of his cases and firearms training has not been given since he has been assigned to this district.

He presents a fair appearance, which I believe will improve during his service in the Bureau. He is not a satisfactory automobile driver and it will be necessary to give him additional training along these lines. The stenographers in the office were not requested to rate him among the other Special Agents due to the fact that he has not given them a sufficient amount of dictation for them to fairly rate him with the other Agents.

Because of the fact that he has been assigned to this office for such a short period of time it will not be possible to give him a comparative rating with other Special Agents of this Bureau other than a rating of "Good for a new Special Agent" as he is progressing satisfactorily.

If deficiencies or disqualifications have been noted under "Remarks," have you brought them to the attention of the employee prior to the rendition of this rating? _____

Special Agent in Charge
Richmond, Virginia

Dear Sir:

Reference is made to your personal and confidential communication, dated July 11, 1938, with which you transmit a copy of a memorandum under date of July 7, 1938, by Special Agent Robert E. Lee of the Richmond Office, concerning one John E. Burns who was arrested by Officer H. C. Gatewood of the Virginia State Police on June 25, 1938, for speeding.

It is noted that John E. Burns advised the arresting officer that he was a Clerk in the Identification Division of the Federal Bureau of Investigation. It is further noted that at the time Special Agent Lee interviewed this person, who incidentally had been an applicant for a Student Fingerprint Classifier position, he, Burns, stated that he was a friend of Messrs. Glavin and Quinn and that Mr. Glavin had told him he would start work shortly as a Fingerprint Classifier, and until that time he should work with the Federal Housing Unit.

This statement made by Burns, of course, is false, as was his statement concerning his connection with the Bureau in the capacity of a Clerk or as an employee in the Identification Division.

It is believed that this information should have been furnished the arresting officers at the time Burns was interviewed by Special Agent Lee. With reference to Special Agent Lee's statement addressed to you in memorandum form under date of July 7, 1938, it is noted in the last paragraph thereof that Agent Lee guaranteed the appearance of Burns in court on Tuesday, June 28, 1938, as Burns did not have any money to put up a bond. The Bureau is desirous of being informed as to why Agent Lee took it upon himself to guarantee the appearance of Burns in court when he well knew, and you undoubtedly knew, that this person had falsely represented himself as an employee of the Federal Bureau of Investigation, unquestionably for the purpose of impressing the arresting officers and possibly freeing himself without having charges brought against him for speeding.

Dear Sir:

There are transmitted herewith copies of a memorandum submitted under date of July 7, 1938 by Special Agent R. E. Lee of this division concerning one JOHN E. BURNS, who was arrested by Officer H. C. GATEWOOD of the Virginia State Police on June 25, 1938 for speeding.

As it will be noted from Special Agent Lee's memorandum, Mr. BURNS told Officer GATEWOOD that he was a clerk in the Identification Division of the Bureau. For the Bureau's information this matter first came to the attention of this office on the afternoon of June 25, 1938 when Acting Special Agent in Charge Robert L. Murphy received a telephone call from Officer H. C. DAVIS of the Henrico County Police to the effect that he and Virginia State Police Officer GATEWOOD were holding a man for speeding who had told them that he was an employee of the Federal Bureau of Investigation. Acting Special Agent in Charge Murphy inquired of Officer DAVIS as to the name of the individual and was advised that he had given his name as JOHN E. BURNS and that BURNS was present at that time. Acting Special Agent in Charge Murphy requested Officer DAVIS to let him talk to BURNS, which permission was granted, and BURNS informed Acting Special Agent in Charge Murphy over the telephone that he was an employee of the Identification Division of the Bureau. In view of this fact Acting Special Agent in Charge Murphy instructed Special Agent R. E. Lee to make an investigation of the matter with the results shown in the attached memorandum of Special Agent Lee.

This matter is being brought to the attention of the Bureau for whatever action they may deem advisable. From Special Agent Lee's memorandum it appears that Mr. BURNS has no connection with the Bureau at the present time although he contemplates becoming an employee of the Identification Division. It appears

that the facts almost justify the opening of an impersonation case relative to BURNS but in view of the circumstances stated in Special Agent Lee's memorandum, no further action is being taken by this division relative to this matter pending instructions from the Bureau.

MEMORANDUM FOR THE SPECIAL AGENT IN CHARGE:

Re: JOHN E. BURNS
APPLICANT - STUDENT FINGERPRINT
CLASSIFIER

Pursuant to your instructions, after you received a call from Officer H. W. DAVIS of the Henrico County Police, I proceeded to Route #2, just outside of Richmond, where I met Officer DAVIS and a Mr. JOHN E. BURNS. Officer DAVIS stated that State Officer H. C. GATEWOOD had asked him to communicate with this office regarding this man whom they had arrested for speeding inasmuch as he had told them he was employed by the FBI in Washington.

JOHN E. BURNS of 717 - 10th Street, N.W., Washington, D. C., stated that he was employed as a clerk in the New Federal Housing Commission in Washington, D. C. and that he had his application in for a fingerprint classifier with the FBI. He is a friend of Mr. GLAVIN and Mr. T. QUINN, who comes from his home town of Portsmouth, New Hampshire. He stated that Mr. GLAVIN told him that he would start work shortly as a fingerprint classifier and until that time he should work with the Federal Housing Unit. He stated that he was driving two women friends to Richmond to attend a wedding here, when he was stopped by the officer and charged with speeding, although he claimed that his car was not capable of doing more than 30 miles an hour. He was driving a 1933 Willys-Knight, 1938 D. C. license 148601. He was sober and very sorry that it happened and appeared apprehensive about this being reported to the Bureau.

Officer GATEWOOD stated that BURNS had apparently had some car trouble up the road and seemed to be irritated. He followed him and he was going 50-55 miles per hour in a restricted zone and the officer arrested him and charged him with going 40-45 miles per hour. He stated that at the time he arrested BURNS he seemed to be inclined to argue with him a little, but he did not carry it to extremes and was cooperative when he saw that he could not talk the officer out of the ticket. He told Officer GATEWOOD that he was a clerk in the Ident Division of the FBI.

Why did agent do this?
N.

This Agent guaranteed the appearance of BURNS in Court on Tuesday, June 28, 1938, as BURNS did not have any money to put up a bond. He showed up in Court Tuesday morning and the charges against him were dismissed, when the officer testified that the State Highway Department had removed the signs pointing out the restricted zone, so that BURNS could not have known that he was speeding.

Respectfully submitted,

R. E. LEE
Special Agent.

MEMORANDUM FOR MR. P. E. FOXWORTH

Re: SPECIAL AGENT (A) ROBERT E. LEE

In accordance with your request, I am submitting my views on the above Agent who assisted me from August 6, 1938, to November 26, 1938, in the audit of the Alien Property Bureau.

Agent Lee has an excellent commercial accounting background which is very helpful in analyzing the problems confronting the Agents in the Bureau. During the course of the audit he made many suggestions which were put into use and in addition thereto he took the initiative in many instances where we were confronted with intricate accounting problems. He performed all of his work in a neat manner and cheerfully performed many hours of overtime in an effort to bring the audit to a conclusion at the earliest possible date.

Agent Lee presents a good appearance and with additional Bureau experience in connection with bank investigations and mail fraud work, I feel that he will make a better than average employee.

Special Efficiency Report

Dear Sir:

The writer assumed duties as Special Agent in Charge at the Richmond Field Division on July 28, 1938, at which time Agent ROBERT E. LEE was attached to this office. This Agent departed Richmond, Virginia, for special assignment at Washington, D. C. on August 5, 1938 and has never returned to this office except for portions of several days in connection with Court attendance.

A letter from the Newark Field Division under date of December 12, 1938 reflects that Agent LEE recently arrived at that point under transfer. No other advice as to the movements of this Agent has been received at this office.

no acc. 8.4.38 | In view of this situation and as the writer was only able to observe the work of this Agent for a period of approximately one week a special efficiency report is not being submitted unless instructions to the contrary are received from the Bureau.

RE: THIRTY-DAY EFFICIENCY REPORT;
SPECIAL AGENT (A) ROBERT E. LEE.

Dear Sir:

Special Agent (A) Robert E. Lee was ordered transferred to this Division on July 19, 1938; however, due to a special assignment on which this Agent was engaged in Washington, D. C., he did not arrive in this territory until November 28, 1938. Shortly after the arrival of Special Agent Lee in this territory, I was absent from the district attending the kidnap school in Washington, D. C., and did not return until December 12, 1938. For this reason, I purposely delayed the submission of this report on Special Agent Lee on the date it was due, which was December 28th, until I had had further opportunity to observe both his personal demeanor and his work.

Special Agent Lee presents a neat appearance, has a pleasing personality and is an aggressive type of individual. He goes about his work in a quiet and orderly manner, and I do not recall any instances in which this Agent has requested advice with regard to any of the Bureau's policies or in connection with his accounting work. He seems to have a good working knowledge of the Manuals and of accounting. He has been engaged for the past thirty days on an accounting case entitled, "BELMONT SILK COMPANY; NATIONAL BANKRUPTCY ACT", and his accounting report is at present in the process of being typed.

Due to this fact, Special Agent Lee has not been engaged in any general work that would lay a foundation for

any expression of opinion by me concerning his ability in that regard.

I have not had the occasion to observe this Agent in the use of firearms or in the use of the typewriter. However, I am advised that he is a good automobile driver. I have not had the occasion to hear this Agent testify, but, judging from his personality and his general demeanor, I am reasonably sure that he would make an impressive witness.

The dictating ability of this Agent is above the average.

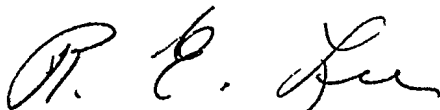

I am not of the opinion that at the present time this Agent has had enough experience to qualify him for any administrative or executive position, and due to the short period of time during which I have had the occasion to observe him, I am not qualified to state whether he possesses such abilities.

Agent Lee has been afforded an opportunity to read the comments contained herein, and has affixed his autographic initials hereto.

A. P. KITCHIN,

Personal And Confidential

Dear Sir:

I am availing myself of the privelege of writing to you under personal and confidential cover to place before you my personal problems for whatever consideration you might be able to afford them consistent with the best interests of the Bureau.

I am the proud father of a 15 month old girl and the expectant father of a new arrival due in the neighborhood of July 15.

Due to a chronic heart condition and a delayed delivery, my wife had an extremely close call at the birth of my first child and my doctor has advised me that if the next delivery is as difficult as the first, the resultant heart strain would be extremely dangerous. It is therefore necessary that my wife return to Chicago to have the baby so that the doctors who are familiar with her condition will be available.

A transfer to Chicago, or at least reasonably close, after July 1 would permit me to make the following arrangements for the comfort of my family.

1- I would be readily available to my wife in the event of any unexpected emergency.

2-I would be spared the expense of transportating my wife and children back to Newark

3- Inasmuch as I own my own furniture, on which I have been paying storage in Chicago, I could utilize it and secure proper accomodations for my family. The cost of securing furnished quarters in the East suitable for a family of four is positively prohibitive to my income.

4- Relatives could properly care for my first child while my wife was in confinement.

It is not my intention to make my appeal sound too drastic, as I could, of course, make arrangements to remain in Newark if my services could not be advantageously used in Chicago, or reasonably close, at that time.

My personal inclinations would lead me to remain in Newark as long as possible as my associations and work has been extremely pleasant.

Respectfully Submitted

REMARKS

On June 25, 1938, Agent Lee interviewed one John E. Burns shortly after his arrest by the Virginia State Police. Agent Lee inadvertently informed the police that he would guarantee the appearance of Burns in court due to the fact that Burns indicated to Lee that he was a friend of Mr. Glavin and Mr. Quinn. He was warned against doing anything of this nature again even though the charge was only speeding, as it was in Burns' case. At the time Burns was interviewed, it was thought perhaps he might have violated the Impersonation Statute but such is not the case.

In a thirty day efficiency report submitted July 21, 1938, SAC Gurnea stated that this Agent has shown considerable interest in his work; he presented a generally satisfactory personal appearance; has a genial personality; appears to make friends easily; and is sincerely interested in his work and is loyal to the Bureau. He enjoys good health; is industrious and voluntarily puts in a considerable amount of overtime.

It is Mr. Gurnea's observation that Agent Lee generally conducts a good investigation for a new Agent but has a tendency to omit some important phases of some investigations and his reports while generally satisfactory require considerable supervision. His chief difficulty appears to be his tendency to be too brief and as a consequence he sometimes omits important details. He accepts criticism in a splendid manner and is making a sincere effort to correct these faults. His dictation is fair considering the length of time he has been in the Bureau and while he has not been on any extended road trips requiring him to prepare any rough drafts, he has submitted some rough drafts which were of average quality. He appears to possess reasonably mature judgment and while he appeared to have little or no knowledge of conditions in rural sections when he arrived at that office, he has increased his knowledge in this respect. His conduct on the range is good and due to his temperament Mr. Gurnea believes that with additional training he will be able to function reasonably well on dangerous assignments. When he first reported at the Richmond Office he was rated as an unsatisfactory automobile driver but has shown some improvement.

In a memorandum submitted December 9, 1938, by Special Agent (A) Nathan Frankel, relative to Lee's progress on the audit of the Alien Property Bureau, Frankel indicated that Lee has an excellent commercial accounting background which is very helpful in analyzing the problems confronting the Agents in the Bureau. During the course of the audit he made many suggestions which were put into use and in addition took the initiative in many instances when the Agents were confronted with accounting problems. His work was performed in a neat manner and he cheerfully performed many hours of overtime.

In a thirty day efficiency report submitted by Special Agent in Charge Kitchin on January 7, 1939, he indicated that Lee has a neat appearance, a pleasing personality and is an aggressive type of individual. At the time the report was dictated, he had not engaged in any general investigative work that would lay a foundation for any expression of opinion as to his ability. Mr. Kitchin indicated that at the time of his letter he did not think Agent Lee had sufficient experience to qualify himself for an administrative or an executive position.

In a letter to the Newark Office on March 13, 1939, it was indicated that Agent Lee had average ability in the use of the Recomar camera.

In the efficiency report submitted May 1, 1939, by SAC Kitchin, he indicated that Lee's investigations have been satisfactory and he exhibits a good and thorough knowledge of accounting; his attitude toward his work is that of loyalty and dependability and he has a good alert mind and utilizes very good judgment in his work. He has initiative and enthusiastically utilizes this quality; he is forceful and aggressive and never in any manner shirks any duty and is apparently more than willing to do his share, if not more than his share, of overtime and extra duty. He is accurate in the submission of reports and his work requires slightly

below the average amount of supervision. His dictation is above the average and he has an average degree of efficiency in the use of firearms. Agent Lee is the type Mr. Kitchin would not hesitate to take on a dangerous assignment but he does not feel that Lee has a sufficient amount of experience to undertake such an assignment without the supervision of a more experienced Agent. Lee does not, at this time, appear to possess any administrative or executive ability.

RECOMMENDATION: In view of the fact that this Agent is to receive a \$300 increase on June 1, 1939, bringing his salary to CAF-10, \$3,500.00 no further recommendation is being made at this time.

RE: SPECIAL AGENT (A) ROBERT E. LEE
SPECIAL EFFICIENCY RATING.

Dear Sir:

Special Agent Robert E. Lee is married and has one child. He is possessed of a good appearance, is neat in his attire and has a pleasing and amiable disposition and personality.

The accounting work performed by this Agent while assigned to this Division has proven very satisfactory and he exhibits a good knowledge of accounting generally. He has had a good amount of auditing experience prior to his coming into the Service, as well as a great deal of experience in dealing with the public at large.

His attitude towards his work is that of loyalty and dependability and I think he possesses a good knowledge of the Bureau's Manuals, as well as the policies of this organization.

Special Agent Lee has a good, alert mind and utilizes good judgment in his work. He has initiative and enthusiastically uses this quality. He is forceful and aggressive and never shirks any duty and is apparently willing to do more than his share of overtime and extra duty. I would say his reported work requires about average amount of supervision; he is a fair typist, and a satisfactory automobile driver, and his dictation is above the average. His use of the firearms in this Bureau is about average, with the exception of the recent scores obtained on the practical pistol course, which have not been satisfactory. I would recommend

that concentrated training be given this Agent to improve his scores with the use of the revolver.

Agent Lee has requested on occasions that he be assigned fugitive cases and reflects an intense interest in this particular type of work, showing generally his enthusiasm in general investigations as well as accounting.

Agent Lee has a good, cool head, utilizes good judgment, and, in my opinion, would function satisfactory on a dangerous assignment.

At the present time, I do not think this Agent possesses any administrative or executive ability; however, experience may bring out latent possibilities in both of these qualities.

Very truly yours,

Re: SPECIAL AGENT (A) ROBERT E. LEE
SPECIAL EFFICIENCY REPORT.

Dear Sir:

Special Agent (A) ROBERT E. LEE has been assigned to the Chicago Office since June 30, 1939. He presents a good personal appearance and appears to possess a pleasing personality. It is believed that he is a ready mixer and capable of establishing good contacts on behalf of the Bureau. He has a good knowledge of the Bureau's work, both the duties of an Agent and of an Accountant and appears to be as enthusiastic about Agents' work as he is about his accounting work. The investigations conducted by this Agent to date have been thorough, his reports have been submitted in good form and his dictation is considered good. He is qualified to operate a typewriter, is a good automobile driver and has qualified in the use of all types of firearms and in my opinion is suited for use on raids and other similar hazardous assignments.

Agent LEE appears to be somewhat lacking in forcefulness and leaves the impression of being somewhat shy and skeptical of his own ability. He appears, however, to have good judgment and I consider his work entirely satisfactory. Status good.

Very truly yours,

PERSONNEL

Dear Sir:

The following letter was received from Rear Admiral W. C. WATTS of the U. S. Navy in connection with the case entitled "THOMAS EUGENE SHAIN - LARCENY ON GOVERNMENT RESERVATION":

"Dear Mr. Devereaux:

I wish to express my appreciation of the assistance rendered by your organization to Training Station authorities on 27 December, 1939. Such assistance led to recovery of money stolen by Thomas E. Shain, Apprentice Seaman, U.S.N., attached to the U. S. Naval Training Station, Great Lakes, Illinois.

Special Agent R. E. Lee handled the questioning of the suspect perfectly, obtaining a written confession and information as to the hiding place of a greater part of the stolen money. He also arranged for its actual recovery by Federal agents in Peoria, Illinois."

The contents of this letter are quoted above as I know you will be pleased to learn of the comments which Rear Admiral WATTS made concerning the work of Special Agent R. E. LEE of this office.

Dear Sir:

This agent was assigned to drive a car during the Board of Officers' meeting of the IACP at Chicago to look after Chiefs Jordan, Sullivan, and Kluchesky.

The reason I am writing this letter is to inform you of the high class manner and intelligent way in which he handled these police chiefs, and he also was of considerable assistance to me during that period of time in securing information, et cetera; and I wanted his file to show his ability along these lines.

On several occasions during his mother's recent illness, Special Agent LEE has repeatedly expressed his gratefulness to the Bureau for his assignment to Chicago in order that he could be near his mother during this illness, and was most appreciative of the letter which was addressed to him by you on February 6, 1940.

MR. LEE has been informed that both the Bureau and the Chicago office expect and wish him to take whatever time is required for necessary arrangements and adjustments caused by his sudden bereavement.

MEMORANDUM FOR THE DIRECTOR

RE: ROBERT E. LEE
Special Agent (A)

I spoke to this Agent, who is an accountant. He entered on duty in January of 1938 and has been at Richmond, Newark and Chicago. He was transferred to Chicago at his own request owing to illness in his family. As I got it from him, his wife had an operation and is to have another. I doubt if he will ever want to leave Chicago--he came from there.

Generally speaking, I think he is a bright young accountant. I think he will make good and do satisfactory work. I saw no signs of administrative or executive ability in him and, as I say, I think his development in the Bureau will be hampered by his eagerness to be at or near the place of his nativity.

REMARKS

SAC Devereaux states this Agent presents a good personal appearance and is possessed of a happy, pleasing personality. He is always a ready mixer and due to his sunny disposition is capable of creating good contacts for the Bureau. Mr. Devereaux believes this Agent is capable of handling practically any accounting assignment given him. He appears to be well schooled in accounting, as well as the investigative field, and has the ability to practically apply his knowledge. He has recently been making talks as a Bureau representative, and his enthusiasm for this type of assignment is refreshing. Mr. Devereaux has heard favorable reports from his appearance and demeanor while making these talks. He has shown particular interest in fugitive investigations and along this line has shown considerable persistency. Recently in an Unlawful Flight to Avoid Prosecution case, a rather badly wanted fugitive was apprehended due to this Agent's persistency. He puts in more than the necessary amount of overtime, and is always ready and willing to volunteer for any type of assignment. He is rated by the stenographic personnel as excellent in dictation. There would be no hesitancy in utilizing this Agent on raids or dangerous assignments. While he does not at the present time appear to possess marked tendencies of latent administrative ability, it does appear that with added experience these tendencies might become apparent.

During the In-Service School in March, 1940, Mr. Hince stated this Agent appears to be getting along satisfactorily. His appearance is good and

his personality seems to be very satisfactory. He seems to have about average intelligence, but Mr. Hince saw no executive or administrative prospects.

Mr. Nathan thinks this Agent is a bright young accountant, who will make good and do satisfactory work. He saw no signs of administrative or executive ability, and thinks his development will be hampered by Agent's eagerness to be at or near the place of his nativity.

RECOMMENDATION: It is respectfully recommended that this Agent be granted a \$100 increase.

Re: SPECIAL AGENT (A) ROBERT E. LEE
SPECIAL EFFICIENCY REPORT

Dear Sir:

This special efficiency report is being submitted on the above named Agent in view of his recent transfer to the Bureau.

This Agent falls within the experienced category and is one who is well qualified in the field of accounting. He has functioned well in regard to general investigative matters and in all investigative problems he has exercised good judgment and applied himself industriously. He has shown considerable tenaciousness in pursuit of fugitive investigations and I believe has been outstanding in so far as making contacts for the Bureau is concerned. The police officers with whom he has associated speak extremely well of him. This Agent has also had occasion to function as a representative of the Bureau in addressing various civic organizations and in this regard numerous complimentary letters have been received. He is amenable to discipline, popular with his fellow employees and in my opinion is well adapted to the Bureau's work. His overtime has been outstanding and he has been conspicuous by the fact that he has always volunteered for any and all types of investigative assignment.

This Agent in my opinion has supervisory possibilities and he should function well in such capacity at the Bureau.

Very truly yours, *L*

Re: SPECIAL EFFICIENCY REPORT ON
SPECIAL AGENT (A) ROBERT E. LEE

RECORDED

APR 19 1941

Dear Sir:

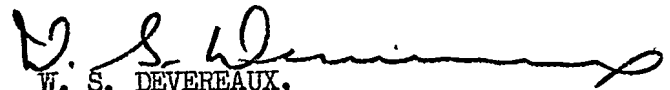

67-106570-82

This special efficiency rating is being submitted to the Bureau in compliance with Bureau letter dated March 21, 1941, requesting such a report in connection with recent instructions relative to the submission of same concerning employees now in Grade CAF 11.

Special Agent ROBERT E. LEE is an employee of the Bureau with considerable experience. I believe that he is well qualified to handle about any type of accounting investigation that might be assigned to him. He has also indicated an aptitude for fugitive investigations and some of the weightier problems developed in the course of general investigative work. He presents a good appearance and has an outstanding personality. His judgment, at least from an investigative standpoint, must be rated as good. He is discreet, conscientious and industrious. I would class him as well above the average Agent and due to his very favorable attitude toward the Bureau as well as his honest desire to succeed would say that he is rapidly developing into an outstanding employee. He has a perseverance and tenaciousness that has stood him in good stead in the development of his investigative cases. He is able to contact the public in a manner that speaks well for the Bureau as a whole.

I believe that his development along administrative lines should be rapid and that he does have real administrative supervisory possibilities. I recommend very favorably the promotion of this employee to grade CAF 12.

Very truly yours,

W. S. DEVEREAUX,
Special Agent in Charge.

MEMORANDUM FOR MR. TOLSON

Re: R. E. Lee
Special Agent (A)

In a letter dated March 26, 1941, SAC Devereaux submitted an efficiency report on the above Agent and recommended favorable consideration for this employee to be promoted to grade CAF-12.

An efficiency report was previously submitted on Agent Lee on January 17, 1941, upon the basis of which he was promoted from grade CAF-10 \$3600 to grade CAF-11 \$3800 on February 16, 1941.

Frankly, while this Agent has performed good work, it is not believed that with only three years experience he is justified at this time in being promoted to grade CAF-12 and I suggest that a further increase be deferred until after the next rating period.

Respectfully,

L. R. Pennington

Dear Mr. Lee:

The Bureau is in receipt of the report of the physical examination afforded you at the United States Naval Hospital, Washington, D. C., on April 4, 1941.

This report reflects the following physical defects:

Defective vision of the right eye 20/30 - left eye 20/30;
corrected to 20/20-1 in the right eye - left eye 20/30.
Marked deflection of nasal septum.
Slight varicose veins in both legs.
Chronic periapical disturbance of the teeth.

The Board of Examining Physicians recommends vaccination for smallpox, inoculation for typhoid, dental treatment, and refraction of eyes with glasses.

It reports that you are capable of performing strenuous physical exertion, and have no physical defects that would interfere with your participation in raids or other work involving the practical use of firearms.

By reference from Mr. Glavin, I am in receipt of your memorandum dated April 10, 1941, with which you transmitted a note from Dr. Henry A. Polkinhorn, advising that he has examined your eyes and found your corrected vision to be 20/20 plus in each eye and your uncorrected vision to be 20/20 in each eye. You are advised that the records of the Bureau have been changed to reflect that you meet the visual standards as adopted by the Bureau.

For your information, it was determined during this examination that your blood is International Type "AB".

There is submitted herewith a 45-day report on the above-mentioned employee.

Mr. Lee has been assigned to the Chief Clerk's Office since February 28, 1941, and during his entire period of assignment he has been assisting in the handling of applicant investigations and briefs. At the present time, due to the transfer of Messrs. Trost and Piper to the Washington Field Office, he is in charge of this particular activity.

I have been particularly pleased with the manner in which Mr. Lee has taken hold of the work assigned to him. He is following very carefully the various matters under his jurisdiction and is getting good results and good cooperation from the employees under his jurisdiction. He performs considerable voluntary overtime. He has been available for other duties as they have come up, his attitude has been excellent, and I would have no objection to stating at this time that he is fully qualified to handle any investigative matter coming under the Bureau's jurisdiction. He has given me the very definite impression that he possesses administrative ability and will undoubtedly develop further in this service.

ROBERT E. LEE

I am the Director of the Federal Bureau of Investigation, United States Department of Justice.

The Federal Bureau of Investigation, United States Department of Justice, has been designated by the President to take charge of investigative work in matters relating to espionage, sabotage and violations of the neutrality regulations. This Bureau is also charged with the duty of investigating other matters bearing upon the maintenance of the internal security of the United States. The duties thus imposed upon this Bureau constitute a vital function in the national defense program of this country. At the present time this Bureau is required by Act of Congress to expand its personnel in order effectively to discharge the important duties devolving upon it.

Robert E. Lee is a trained Special Agent and has been continuously employed by the Federal Bureau of Investigation since January 10, 1938. He cannot be replaced satisfactorily because of the shortage of persons with his qualifications and experience in such activity, and his removal for induction would cause material loss of effectiveness in the conduct of the national defense work of the Federal Bureau of Investigation. Extreme difficulty is being experienced at present in obtaining a sufficient number of qualified applicants to take care of the increasing expansion of this Bureau and it is impossible to consider a replacement of any individual for this reason. Turnover of personnel is extremely detrimental to efficiency, as trained and experienced members of the staff, such as Robert E. Lee, must form the nucleus of the expanded staff which this Bureau must recruit in order to fulfill its function.

Dear Sir:

I have just reviewed Mr. Glavin's summary of the handling of the appointment of Arthur Armstrong.

I appreciate, of course, the tremendous volume of work which is assigned to the desk of each supervisor in the Bureau, nevertheless, I cannot condone your carelessness and obvious neglect in not having all the facts pertaining to Arthur Armstrong in the brief upon which a decision was based which led to the appointment of Armstrong as Special Agent.

It is impossible to exercise too much caution in the handling of appointments. It would appear, first of all, in reviewing the investigative reports that you should have noted the reference to Armstrong's brother-in-law as one who might be pro-German. Even though the field mishandled the investigation it is the purpose and function of a supervisor to insure complete coverage.

I hold you responsible for your failure to properly handle the character and fitness investigation and preparation of the brief as you obviously should have had an additional check made on the applicant's brother-in-law, which information would have been found in the Bureau's files.

Yours very truly,

MEMORANDUM FOR MR. GLAVIN

I am attaching hereto a suggestion submitted by Miss Henshaw with respect to the expediting by this office. I think the suggestion might be to the extent that we stop making yellows and in wire on the face at which time the teletype room maintain it for its own records or send it to file of the opinion that the files would not be incomplete if these expedites were not included therein as I do of any incident when we have ever utilized them.

The suggestion might further be amplified to the extent that we might be able to make an arrangement with the teletype room whereby we might furnish them with a list of offices and names and request them to send out the same message on all of them.

Memorandum

Special Agent Lee has continued to handle the personnel procurement program of the Bureau. In addition, since the setting up of the personnel office he has assisted Mr. Acers in the handling of these duties. He is a member of the Personnel Council. In my opinion, Mr. Lee has done one of the outstanding jobs in the Bureau and the credit for our being able to secure the employees which we have secured during the past year should go to the efforts of Mr. Lee. He has worked hours on end without thought of personal comfort or health in the performance of his duties. He has "drawn water out of wells which have run dry" in the securing of personnel. It was primarily his ideas on the Emergency Personnel Program and on the Part Time Personnel Program. He supervised the men handling these duties in the field. He has been able to keep the Agents in Charge in line in a most unpleasant task of demanding additional qualified applicants time after time.

Mr. Lee is very well qualified in a supervisory capacity. He has had no difficulty in the handling of the employees assigned under his jurisdiction and the stress under which these employees have been working for the past year, I feel, far exceeds the stress of the majority of the clerical employees in the Bureau's service. I feel he is doing a good job at the present time in assisting Mr. Acers. He is very loyal to the Director and to the Bureau and, in my opinion, is qualified to handle one of the higher supervisory positions either in Washington or in the field. Although he has been away from the field for sometime, I feel that with a short period of training in the field he could take one of the smaller field offices as the Agent in Charge and run it to the credit of the Bureau. He has a happy-go-lucky constitution with the necessary intelligence and fortitude to do hard work which makes him a valuable employee to the Bureau today.

With reference to your request as to why the letter from U. S. Attorney Horace Frierson of Nashville, Tennessee, recommending this Agent, has not been answered, I wish to advise as follows:

While sitting on Mr. ~~Piper~~'s desk yesterday, March 10, 1943, this Agent's file, together with a brief prepared by Mr. ~~Schildecker~~, came into Mr. Piper's incoming box. I do not know where it came from.

I noted that a letter from the U. S. Attorney at Nashville dated February 18, 1943, was attached and apparently had not been acknowledged. I immediately returned it to Mr. Schildecker with the suggestion that the letter be answered.

MEMORANDUM FOR THE DIRECTOR

The Executive Conference consisting of Messrs. Tolson, Tracy, Quinn Tamm, Carson, Coffey, Lurnford, Nichols, Hendon, Hince and Glavin considered a suggestion submitted by Special Agent R. E. Lee of the Chief Clerk's Office concerning the securing of Bureau personnel.

Special Agent Lee points out that at the present time with the many restrictions effecting the hiring of personnel it is becoming more and more difficult to secure qualified clerical employees for the Bureau. He points out that under present Bureau procedure if a Bureau applicant is working in a national defense industry or is employed as a teacher or in public utilities, the Bureau will not offer an appointment to that employee until a written release is in the Bureau files which is in concurrence with regulations pertaining to the employment of individuals.

For the Director's information, the War Manpower Commission has issued directives to the effect that individuals in certain lines of endeavor cannot be employed in the Federal Government unless written releases are secured for those employees from their present employers prior to the time they are offered appointments in the Federal service.

It was pointed out to the Conference that Mr. Lee was of the opinion that when we write to the prospective employee requesting that a release be furnished to the Bureau, without definitely advising that applicant that a position will be offered, the applicant is hesitant about approaching her present employer, feeling that she may be released from her present position, the Bureau will not offer her a position and she will not then be gainfully employed.

Mr. Lee suggests that in the future in handling matters of this kind, the appointment go out to the Bureau applicant with the proviso included in the appointment that a release must be secured by the applicant and presented by her at the time she reports to enter on duty in the Bureau's service, Mr. Lee pointing out that we undoubtedly will secure a greater number of employees if this procedure were to be followed.

MEMORANDUM FOR THE DIRECTOR

- 2 -

Messrs. Tolson, Tracy, Quinn Tamm, Carson, Coffey and Mumford recommend the adoption of this suggestion.

Messrs. Nichols, Hendon, Hince and Glavin recommend against the adoption of the suggestion, basing their objection to the suggestion on several factors.

The first, that on many occasions we undoubtedly will have applicants coming into Washington from great distances to enter on duty who will be able to advise only verbally that releases have been secured by them from their employers when, in fact, they may not have secured any such release from their employers and the employers may complain to the War Manpower Commission, thereby jeopardizing the Bureau's personnel program on a country-wide basis.

The second, that many employers in national defense industries may become particularly incensed by the Bureau's offering appointments to their employees without first securing releases and the good will which we have in many such industries which include telephone and telegraph companies, schools, etc., in addition to war plants, will be lost, to the detriment of the Bureau.

Should the Director approve the majority's recommendation, appropriate steps will be taken to institute such a policy immediately.

Respectfully submitted,

THE DIRECTOR

The following members of the Executive Conference, Messrs. Tolson, E. A. Tamm, Quinn Tamm, Nichols, Carson, Coffey, Hendon, Mumford, Rosen, Tracy, and Glavin, considered a suggestion made by Special Agent R. E. Lee of the Administrative Division, that the Bureau at the present time give consideration to the employment of female clerical employees on a part-time basis.

The Conference was advised that Lee was of the opinion that there are a great many women in Washington who do not have time to devote a full day to war work but who would be glad to engage in some activity which would not interfere with the management of their household, and that possibly a shift could be set up from 10:00 A.M. to 3:00 P.M., which would permit a mother to get her children off to school and would also permit the mother to return home in time to prepare dinner.

Lee also pointed out that high school seniors could be hired at once on a part-time basis in the evening to be placed on full-time upon their graduation.

The Conference, with the exception of Messrs. Tracy and Glavin, were of the definite opinion that the Bureau should not endeavor to secure employees for part-time employment at the present time, even though such a procedure has been approved and is being followed by the Civil Service Commission.

Glavin and Tracy are of the opinion that we undoubtedly could get some good Clerk-Typists out of such a procedure and that the Bureau would benefit by the hiring of such employees.

With reference to the attached letter addressed to this employee advising her that she can not be considered for confidential assignment, I wish to advise that the letter addressed to the Office by me requesting that she be asked if she would be interested in the assignment was in error in the belief that she was a male stenographer.

The original idea in this case was to survey the Field for male stenographers who might be interested in SIS assignment at some future time. I asked the Movement Section to submit a list of all male stenographers employed by the Bureau and upon receipt of the list I designated identical letters to all the Offices where these individuals were working believing that they were all males. Had I scrutinized the list more closely I might have questioned the name and would have verified the matter by calling the file. It would appear that I was derelict in this respect.

There is attached hereto a memorandum from Mr. Campbell that is self explanatory.

MEMORANDUM FOR MR. GLAVIN

RE:
Bureau Employee

In connection with the investigation of this employee, your attention is directed to the fact that subsequent to her entrance on duty derogatory information was transmitted by the Detroit Field Office and that such information was not in possession of the Bureau at the time the appointment was made, inasmuch as the Grand Rapids Office failed to indicate that leads were outstanding at the Detroit Office.

I desire to call your attention to the fact that the derogatory information came in from Detroit under date of August 6, 1942, and it was not noted by the writer until the middle part of September, at which time it was located by reason of the fact that we were preparing to brief some of the discontinued cases inasmuch as we had caught up on our other work.

As you recall, some time ago we discontinued the practice of briefing investigations which were discontinued prior to their completion by reason of derogatory information as a means of cutting down the clerical work in streamlining this section.

In this connection, when the Detroit wire came in it appeared on the face of it that it was probably an investigation that was instituted by the Field and inasmuch as the Detroit Office was discontinuing, no further action was taken on the wire at that time. However, a notation was made of the fact that the investigation had been discontinued so that the case might be briefed merely for the completion of the file at a later date.

There appears to be an error on our part for not calling the file at the time the wire came in; however, this has not been the practice in the past inasmuch as we expected we would have a tickler card on all investigations which were pending in the Field by reason of the fact that the Field is expected to notify us of such investigations.

I have subsequently changed this procedure and at the present time we are calling the files on all cases where a wire is received containing derogatory information with respect to an applicant and it is decided to conclude the investigation based on such wire.

Respectfully,

Robert E. Lee

RE: ROBERT E. LEE

Excellent.

Mr. Lee during the rating period has been assigned to the supervision of the applicant briefing section. He has done a great job. He has worked without regard to personal comfort, in order that a tremendous number of new employees which we must have could be appointed. He has the disposition and the personality to secure cooperation not only from those working under his jurisdiction but also from the Field.

I personally feel that he is very loyal to the Director and the Bureau; has a well-rounded experience, both here at the Seat of Government and in the Field, and I would have no hesitancy in recommending him for assignment as Acting Special Agent in Charge to one of our smaller offices at the present time. He could handle Assistant Special Agent in Charge or Number One Man's position in any one of the larger offices in the service at this time.

Dear Mr. Lee:

Reference is made to your suggestion dated June 26, 1942, that all local draft boards be added to the Bureau's Identification Order mailing list and further that these boards be furnished with copies of all outstanding Identification Orders.

Although your suggestion has been given careful consideration, the Bureau does not deem it feasible at this time inasmuch as the approximately 6,500 local draft boards in the country are very delinquent with their work at present and it is not believed the results which could be obtained would be commensurate with the expense involved in such an Identification Order distribution. It is to be noted that during the past 21 months there have been 5 draft registrations in which 43,000,000 men have registered. Some local draft boards have as many as 15,000 registrants and very small clerical forces. It is possible, however, that the work of these boards may be greatly reduced during the next year at which time it might be profitable to inaugurate your suggested plan.

Your attention is further directed to the fact that nearly all of the subjects of outstanding Identification Orders were in a fugitive status at the time of the draft registrations, for which reason, if they registered at all, they probably registered under an alias. Also, since Identification Orders are seldom issued on subjects who have not been sought for at least a year, most of the subjects on whom Identification Orders will be issued during the coming year will probably fall within this same category.

RE: SUGGESTION TO TRANSMIT COPIES OF
IDENTIFICATION ORDERS TO ALL LOCAL
DRAFT BOARDS.

If it has not already been done, I would like to suggest that all Field Offices maintain on their mailing list for identification orders and apprehension orders the local draft boards within their territory. I would further suggest that all local boards in the country be furnished a copy of all outstanding identification orders with the specific request that they search their index for similar names and notify the local Field Division of any possibilities of identification for their consideration.

While it is true that this is a project of some magnitude and 100 percent cooperation probably would not be received, it would seem reasonable to expect that some fugitives who are presently outstanding would be apprehended by this means.

SPECIAL AGENTS

This position has been designated as a key position by the Review Committee of the War Manpower Commission.

The Federal Bureau of Investigation has been designated as the sole civilian government investigative agency having jurisdiction over the investigation of matters pertaining to national defense such as espionage, sabotage, registration of agents of foreign principals, sedition, treason, and the like, and further, the Federal Bureau of Investigation has sole investigative jurisdiction in a great number of other Federal statutes which embrace bank robbery, kidnaping, extortion, white slave traffic, National Motor Vehicle Theft Act, and numerous others. The investigative work in connection with the above violations is performed by the Special Agent personnel of this Bureau, who are recruited from applicants between the ages of twenty-three and forty. They must be graduates of a law school or an accounting school with the necessary accounting experience, or graduates of a university with extensive investigative experience, or with linguistic qualifications, or have basic educational training and possess satisfactory prior law enforcement experience which will enable them to satisfactorily perform the duties imposed upon them. For certain of the scientific investigative work, Special Agents are secured who primarily are qualified in the sciences, such as ballistics, chemical analysis, spectography, cryptography, mineralogy, metallography, toxicology, and other like sciences. Applicants for appointment to the position of Special Agent must meet the physical standards and requirements for this position, which are exceedingly high. They must have vision of no less than 20/40 in one eye, 20/50 uncorrected, both eyes to be corrected to 20/20. They must have no color deficiency whatever.

Special Agents of the Federal Bureau of Investigation undergo a rigorous training program. All newly appointed Special Agents in the Federal Bureau of Investigation attend training classes for a period of sixteen weeks; the hours of training are from 9:00 a.m. to 9:00 p.m. daily, which course of study is equivalent to two full years of college study. During this period of training, they are thoroughly instructed in the basic rules and regulations and jurisdictions of the Federal Bureau of Investigation. They must satisfactorily pass numerous written examinations during their period of training. If a trainee fails to pass any of these examinations, he is dropped from the school.

The duties of a Special Agent of the Federal Bureau of Investigation are most arduous. They must be available at a moment's notice to go to any part of the United States or to any assignment outside the United States. The hours of duty for these employees are such that they must be in excellent physical health. The average work week for a Special Agent of the Federal Bureau of Investigation is no less than seventy hours. The work of a Special Agent, regardless of his particular qualification, is such that he cannot lead a sedentary or well regulated life. Due to the small number of Special Agents of the Federal Bureau of Investigation presently handling the work under the jurisdiction of the Federal Bureau of Investigation within and without the continental United States, it is necessary that the entire staff be highly mobile.

Special Agents are required to be able to conduct investigations in more than 100 types of cases, including espionage, sabotage, subversive activities, frauds against the government, kidnaping, extortion, bank robbery, White Slave

Traffic Act, etc. They are trained in and required to maintain constant skill in the use of highly technical equipment, technical processes, such as those necessary for the development of latent fingerprints, concealed or obliterated numbers upon firearms, to understand the use of code messages, to conduct physical surveillances of subjects of espionage and similar cases, sometimes for periods of many months, and when necessary, to assume a necessary character to enable them to fit in an undercover capacity into the activities and operations of groups such as foreign agents, who are engaged in thwarting the war effort.

The arduousness and importance of the work of Special Agents of the Federal Bureau of Investigation was readily recognized by the military and naval leaders. The Chief of the Bureau of Navigation, for the Secretary of the Navy, requested Special Agent employees of the Federal Bureau of Investigation to submit their resignations from reserve commissions held by them in the naval services because it had been determined that those Special Agents could better serve their country in their present assignments than if they were to be called into active naval service. The Secretary of War, in 1942, addressed personal communications to 168 Special Agents of the Federal Bureau of Investigation who at that time held reserve commissions in the Army. The Secretary of War at that time advised the Special Agents that their employment in the FBI is of such vital importance to the national defense as to necessitate their remaining at their posts of duty despite the fact that they held reserve commissions in the United States Army, and the request was made that these Agents, through the proper channels, submit their resignations from their commissions.

General Lewis B. Hershey of the Selective Service System pointed out in his Directive to all Local Boards of December 29, 1941, that Special Agent positions of the FBI were most important and essential to the national health, safety, and interests, and that the national defense functions of the FBI should not be impaired by the removal of trained personnel from critical positions in the Bureau.

The position of Special Agent has always been considered the most critical of all positions in the FBI, since, with the tremendous bulk of work placed upon us due to the war emergency, it is essential that a trained qualified staff be available for the handling of this work. If the Federal Bureau of Investigation cannot continue to retain its personnel in this critical position, aid and comfort would most certainly be given to the enemy and others whose interests are inimical to the best interests of the country today. Up to the present time the full complement of Special Agent personnel has not been secured and every effort is being made to secure the necessary additional Special Agent personnel.

I, J. Edgar Hoover, do solemnly swear (or affirm) that I am the Director of the Federal Bureau of Investigation and that the foregoing statements are true to the best of my knowledge and belief.

Subscribed and sworn to before me this 4th day of September 19 43

Appeal Procedure

Any person entitled to do so may take an appeal to the board of appeal within 10 days after the above date of mailing of Notice of Classification to registrant in either of the following ways:

- (1) By filing with the local board a written notice of appeal. Such notice need not be in any particular form but must state the name of the registrant and the name and identity of the person appealing so as to show the right of appeal.
- (2) By signing the "Appeal to Board of Appeal" on the Selective Service Questionnaire (Form 40).

When an appeal is taken from the classification or reclassification of a registrant and when such appeal is upon the ground that the registrant should have been deferred by reason of his occupation, the appeal shall be transferred to the board of appeal having jurisdiction over the area in which the registrant is employed, provided all of the following conditions are met (but not otherwise):

- (1) The first person to appeal from such classification or reclassification files with his appeal a written request for such transfer;
- (2) The written request states in what respect an occupational question is involved; and
- (3) The written request states the name of the registrant's employer and the street address, county, and State where the registrant is employed.

The person appealing may attach to his notice of appeal or to the Selective Service Questionnaire (Form 40) a statement specifying the respects in which he believes the local board erred, may direct attention to any information in the registrant's file which he believes the local board has failed to consider or give sufficient weight, and may set out in full any information which was offered to the local board and which the local board failed or refused to include in the registrant's file.

Appeal to the President from classification by the board of appeal may be taken at any time within 10 days after the date of mailing of notice to registrant, provided the registrant was classified by the board of appeal in either Class I-A, Class I-A-O, or Class IV-E and one or more members of the board of appeal dissented from such classification. Otherwise, the decision of the board of appeal is final except when an appeal is taken to the President either by the State Director of Selective Service or the Director of Selective Service on the ground that he deems it to be in the national interest or necessary to avoid an injustice.

For the information of the Director, the following is the distribution of the supervisory Special Agent personnel in the Administrative Division (Chief Clerk's Office) at the present time:

Special Agent R. H. Laughlin
Chief Clerk

Mr. Laughlin has been in a leave without pay status for a number of months, being assigned to a special committee on the Hill, the duties of which are known to the Director.

Under my immediate jurisdiction are the following Special Agents:

Special Agent Thomas J. Scott

Mr. Scott has taken the Chief Clerk's place, handles the signing of all vouchers, with the exception of confidential vouchers, handles the Confidential Fund, has jurisdiction over the payrolls, et cetera, and handles the administrative reports.

The Director will recall that there is a possibility of this Agent also being placed on leave without pay on confidential assignment in the very near future.

Special Agent A. P. Gunsser

Mr. Gunsser handles all vouchers, leases, contracts, retirement, and most of the lectures on vouchers and related material before Special Agent classes.

Special Agent Harris H. Huston

Mr. Huston supervises the purchases of supplies and equipment, supervises chauffeurs tests and automobiles at the Seat of Government, and inventories and related matters.

Special Agent C. O. Halter

Mr. Halter's time is practically all taken up in appearing before priority

boards, appeals boards, OPA and WPB, and the building of the range and motion picture booth in the Armory. Halter finds it necessary to be out of the office the greater part of the day.

Special Agent R. E. Lee

Lee is being trained in budget matters. He handles the preparation of budget estimates, is making studies in the various accounting divisions of the Chief Clerk's Office in an effort to streamline those divisions. His time is fully occupied with these duties and other accounting and special duties which are assigned to him by me from time to time.

Special Agent N. P. Callahan

Callahan handles the combined monthly reports of work pending, follows the percentages of employees in the field, handles transportation requests made at the Seat of Government, handles all air priorities, and in addition thereto assists in handling Selective Service matters and budget matters when necessary.

Special Agent William N. Whelan

Whelan handles Selective Service matters. It is necessary that he be out of the office a great deal of the time, that he personally know the chairmen of the boards, the Board of Appeals and Selective Service headquarters officials, that he keep on top of all matters that are urgent in so far as the Selective Service laws, rules, and regulations are concerned.

Special Agent Leo J. Gauthier

Gauthier has charge of the Cartographic Section, handling maps, charts, and related work.

Special Agent R. C. Renneberger

Mr. Renneberger has charge of the downstairs supply room, the Armory Supply Room, photographing, photostating, and all printing.

PERSONNEL OFFICE

Inspector M. W. Acers is the Personnel Officer in charge of the Personnel Office. The following Special Agents are presently assigned to the Personnel Office:

Special Agent John P. Mohr

Mohr is the Assistant Personnel Officer, who handles interviews and concentrates on resignations. He handles the bulk of the miscellaneous correspondence in the Personnel Office.

Special Agent W. R. McDowell

McDowell is handling all applicant matters, that is the conducting of Epp programs, the securing of new Special Agents, the supervising of

investigations, and related matters. Until a short time ago, there were two Agents handling these particular duties. The duties on this desk, in view of the many restrictions now placed on the securing of personnel, are almost impossible for one man to handle. For instance, McDowell must keep contact with the War Manpower Commission, with the U. S. Employment Service, with the Civil Service Commission, both the national headquarters and the district offices. He must keep abreast of all the new rules and regulations on the restriction of personnel movements, it being absolutely essential that we follow closely all of the changes and regulations so as not to embarrass the Bureau by failing to observe some regulation.

For instance, recently it has been necessary for McDowell to telephonically explain to SACs in many sections of the country what the new regulations are on the securing of personnel, and to tell these SACs what to do, how to do it, and when to do it, and to establish a new Epp program so that we could get a sufficient number of people to handle our work here at the Seat of Government.

It is felt that it is most necessary at this particular time to have an additional Special Agent assigned to assist McDowell if we are to be able to keep on top of this work. There will be a distribution of duties then whereby the new supervisor will supervise the briefing of new applicant papers, the physical examinations and investigations, to make sure that we will get the right type of people.

It will be McDowell's specialized job to keep in touch with all officials in the city who have anything to do with the formulating of employment programs and projects and the securing of personnel, and to keep the field up to date on all the restrictions that are presently being inaugurated. In addition, it will be necessary for him to personally follow the entire field, particularly on the securing of additional Special Agent personnel, which is at the lowest ebb at this time that I have known it to be in a period of ten years.

Special Agent James W. Mackle Mr. Mackle at the present time is handling all briefs on Special Agent reallocations, the reviewing of efficiency reports, bringing to the attention of Mr. Acers any of these reports which do not appear to be satisfactory and then carrying out the instructions received and notifying the various SACs of the action to be taken in connection with those particular employees.

It is also his responsibility to review all of the files on uniform promotions. For instance, in the last twenty days it has been necessary for him to review no less than 700 files to determine whether employees who were eligible for uniform promotions performed their

work in such a manner that we could recommend such promotions for them. It was necessary for other Agent personnel assigned to the Personnel Office to let certain of their work rest to assist on this particular project.

It is further pointed out to the Director that under the revision of Special Agent reallocations we are going to have 300 or 400 cases come up immediately. These files have to be reviewed, briefed, and the recommendations made. It will be a physical impossibility for Mr. Mackle to perform all of this work.

He also supervises the Movement Section. This means, with an entirely new or nearly new group of employees in the Movement Section, that he must spend considerable time with them. At the present time it is necessary that he spend no less than three hours a day properly instructing, training, and supervising just this one particular activity. He must set up the in-service schools, he must supervise the clerical work in so far as all transfers are concerned.

It is absolutely necessary that an additional supervisory Special Agent be assigned to this work. Mr. Acers and I feel that the following should be the split-up of this work: Mr. Mackle to handle the supervision of the Movement Section, all briefs on Agents who are under consideration for reallocation, the setting up of in-service schools, and the review of inspection reports, the other Agent to be assigned the other duties aforementioned. These are both full-time jobs and there would not be any waste time for either of these men.

Special Agent J. E. Edwards At the present time Mr. Edwards' duty is to properly prepare briefs for consideration by Mr. Acers and subsequent consideration by the Director, Mr. Tolson, and me, on disciplinary and administrative matters. We are receiving a sufficient number of these particular matters at the present time to keep one man busy more than full time. As a matter of fact, Edwards is at the office practically every day until 10 and 11 o'clock at night, and I feel, even though he has not complained, that he should be given some assistance so that his health does not break.

Special Agent H. Lynn Edwards Mr. Edwards' main assignment is the handling of the reallocation of clerical employees, both at the Seat of Government and in the field. I would say that in the regular routine work handled by him he would have from 40 to 60 cases a day which he must review. Some of these are straight reallocations at the Seat of Government, where it is only necessary to review the file and check with the Assistant Director to make sure that the reallocation should go through. Others are

from the field offices and must be compared with like positions in other field offices and like positions in the same office. A review of these matters must be made with Mr. Acers to determine what the final action should be. He also assists Special Agent J. E. Edwards in handling disciplinary and administrative matters.

It is felt that there should be one additional Agent to take the overflow work from Special Agents J. E. Edwards and H. L. Edwards. If we have an additional Special Agent supervisor for this work, it is going to mean that we are going to be able to get the material out faster and more in keeping with the desires of the Director. Frankly, at the present time, with the limited staff that we have, we do become delinquent, not because of any disinterest or personal delinquency of the supervisors involved, but just because there is too much volume for them to properly handle within a short period of time.

Special Agent J. M. O'Connor Special Agent O'Connor handles all applicant interviews at the Seat of Government, unless some interview is specifically assigned to another Agent. He handles routine exit interviews where there is not some particularly delicate problem involved which makes it necessary for such interview to be handled by Mr. Acers or Mr. Mohr. The number of interviews usually handled by O'Connor is about 30 a day, which in itself is a good day's work.

In addition, O'Connor keeps all the contacts up on the housing situation in Washington. It has been through O'Connor that we have been able to get preferred attention at the Government dormitories. He follows the elevator service, the cafeteria service, and in addition he is Assistant Activity Promoter for the FBIRA. He averages a full day and more every day.

Mr. Acers and I at this time are making no recommendation for any additional assistance for Mr. O'Connor, since we feel that we may be able to have certain of the interviews conducted by other personnel in the Personnel Office if we get the additional needed Special Agent supervisors that we are now requesting. We will then be able to split these interviews on an equitable basis, which will give all these Agents training in this type of work and will permit Mr. Acers to better evaluate their possibilities from an administrative standpoint.

Special Agent Carl H. King Special Agent King handles all leave problems, handles all automobile accidents, briefs these accidents, has the necessary legal citations on both leave and accidents included in memoranda for final consideration. He handles all employees' compensation matters. In addition thereto, at the present time he is supervising the preparation of the merit key letters.

There are several hundred letters of this nature going out and they must be personalized letters.

Mr. Acers and I have utilized King as a relief supervisor; that is, when one of the supervisors of the Chief Clerk's Office has field training, is in-service school, or is on vacation, one of the other supervisors who has his full duties to perform is thrown in to fill the vacancy until the return of the supervisor who is on other assignment. It is necessary for both Mr. Acers in the Personnel Office and me in the Chief Clerk's Office proper to continually shuffle various assignments which would be performed by Agent supervisors but who are not on active duty due to being in the field, in in-service school, or on vacation, distributing these duties to the other Agents to handle in the interim.

We are not recommending any additional supervisory assistance for Mr. King and the overflow will be taken up by a revision of assignments if the additional supervisory personnel herein requested is approved.

Special Agent C. B. Schildecker Schildecker handles all Congressional correspondence concerning applicants, all applicant correspondence, handles all employees' physical examinations and reports, and is assigned to the main Chief Clerk's Office, where he is utilized a great portion of the time for interviewing people who are referred to the Chief Clerk's Office from other offices in the Bureau, or from offices on the Hill. He also is the supervisor in charge of the Hygiene Bureau, referring special cases to Mr. Acers such as employees who have been reported by the Hygiene Bureau as employees on whom certain review and action should be taken; for instance, employees who report on sick leave who are not sick, employees who have contagious diseases, employees who perhaps are not sensibly eating and living.

It will be noted that no request is being made for additional supervisory personnel other than in the Personnel Office. The work in this particular section has increased tremendously. The supervisory personnel in that section has decreased without any replacements being assigned. I personally have been endeavoring to keep the assignments just as low as possible. Mr. Acers has assisted in this but it has come to the point now where we both feel that we must have the additional supervisory personnel, in order to expeditiously handle the work being referred to that section.

In the next several months we are most hopeful of having a great increase in applicants. We have given all the instructions to

Memorandum for the Director

- 7 -

the field. It is going to be necessary that we stay right on top. If we get 200 or 300 favorably recommended applicants in a week, it is going to be a physical impossibility to have one man review all the files, checking into backgrounds, and determine whether an applicant can or cannot be appointed without a full character and fitness investigation. It will be necessary that we keep right on top of the investigations to see that they get attention. It will be necessary that we put more heat on getting Special Agent applicants.

The revision, as aforementioned, of the reallocation program, means we are going to have hundreds of files come up now which otherwise would not come up. These files are going to have to be promptly reviewed for handling. If we don't get them handled at approximately the same time, there is a possibility of justifiable complaint in the field. The many matters of this kind that are constantly arising have made it necessary that the request for three additional supervisors be made.

The Director can rest assured that the moment any reduction in the supervisory staff can be made, we will recommend such a reduction.

Respectfully,

W. R. Glavin

It is respectfully requested that approval be granted for making Special Agent Robert E. Lee an authorized certifying officer which will enable him to sign Bureau Vouchers.

For your information, the following are authorized certifying officers at the present time: R. C. Hendon, R. F. Laughlin, T. J. Scott and W. R. Glavin. As you know Messrs. Laughlin and Scott are on detached duty and have not been available for duty in the Bureau for some time past. It is, therefore, necessary that all vouchers submitted by Bureau personnel and creditors be approved either by Mr. Hendon or me. At the present time we are receiving approximately 8,500 to 9,000 vouchers each month, many of these vouchers being confidential Agent Vouchers which must be approved by Mr. Egan and me making a minimum number of signatures during the month of approximately ten thousand. It is felt that since it is not/when either Special Agents Laughlin or Scott will return to active duty in the Bureau, that Special Agent Robert E. Lee, who is acting as Chief Clerk at the present time, be properly designated as an authorized certifying officer.

For your information Mr. Lee has been in the Bureau since January 10, 1938 and has been assigned to the Administrative Division since February 28, 1941. His development has been extremely good. He has an excellent understanding of the Accounting procedures, and he is in charge of the Accounting Section of the Administrative Division at this time. I feel that he would be most careful in the approving of vouchers charged to the Bureau appropriation.

Should you approve, the appropriate request will be made of the Department to have Lee designated as an authorized certifying officer.

Respectful

W. R. Glavin

MEMORANDUM FOR THE DIRECTOR

The Executive Conference discussed the possibility of utilizing several well qualified Special Agents to assist Bureau Inspectors on field office inspections. It was felt that this work would give invaluable experience to such personnel and add to their development very rapidly. It was believed that through selecting such a group whose background and experience indicated that they had exceptional possibilities for advancement in administrative capacities in the Bureau a reserve pool would be furnished from which to select Special Agents in Charge and in some instances Assistant Special Agents in Charge as vacancies occurred.

It was agreed that the men selected could remain in their present capacities in the Bureau handling the inspection work as a special assignment. It was further agreed that these men should be given no additional or special titles.

After a full discussion of various possibilities the Conference consisting of Messrs. Tolson, Tamm, Glavin, Acers, Tracy, Quinn Tamm, Carson, Clegg, Rosen, Hince, McGuire and Hendon unanimously recommended that the following individuals be utilized and given this training.

GEORGE C. BURTON, Special Agent, Chief, Liaison Section, Security Division, CAF 13, \$5600, EOD 2/6/39. Burton is single, 29 years old and has an LL.B. degree. He makes an outstanding personal appearance, is mentally alert, energetic, has a splendid personality and has done an excellent job as Chief of the Liaison Section. He has administrative and executive ability and should further develop in the Bureau.

JOHN J. STARKE, Special Agent, Chief, Crime Records Section, CAF 12, \$4600, EOD 7/25/38. Starke is 31 years old and married. He has served in the San Francisco, Denver and Cleveland offices. He was a supervisor in the Crime Records Section from January 25, 1940 until designated Assistant Special Agent in Charge at Richmond on October 10, 1942. He was transferred back to the Bureau as Chief of the Crime Records Section on April 1, 1943. His

record has been uniformly above average, it being indicated that he accepted responsibility, used initiative, had good judgment, was mentally alert and aggressive. He did a good job as Assistant Special Agent in Charge and his services at the Bureau have been above average. He can handle personnel. He makes a good appearance and has excellent possibilities for further advancement.

OK. HORACE B. LONG, Special Agent, Assistant to Mr. Tamm, CAF 12, \$4600, EOD 2/25/35 as a clerk, 7/25/38 as a Special Agent. Long is 30 and married. He has an LL.B. degree from Columbus University, Washington, D. C. His services as a clerk were rated as excellent and as an agent he has served at Detroit, Charlotte, Denver and the Washington Field. He has also served as a supervisor in the Chief Clerk's Office, in the Security Division and has for the greater portion of the present year served in Mr. Tamm's Office. His record has been uniformly good and his experience has been of a well-rounded type. It has been stated he is industrious, performs considerable overtime, is intelligent, loyal and Mr. Tamm has stated he has done an extraordinarily good job on his present assignment, having an outstanding knowledge of Bureau procedure, policies, etc., and the faculty of taking the initiative. His possibilities for advancement are very good. He has a good appearance and while he does not radiate enthusiasm, his personality is better than average.

OK. ERIC W. TIMM, Special Agent, Chief, Sabotage Section, Security Division, CAF 13, \$5600, EOD 11/6/39. Timm is 29 and married. He has an LL.B. degree. He served in the Salt Lake, Chicago and Washington Field offices and since July 29, 1940 has been assigned to the Security Division of the Bureau. He has served as Chief of the Sabotage Section since March 1, 1943 and has been rated as excellent. He has a good record, is mentally keen and has developed unusually rapidly for his period of service. He is able to organize and direct the activities of others, has good knowledge of the Bureau's work and policies and definitely has executive ability. Timm makes a particularly good appearance and has a pleasing personality.

OK. JEPHTHA S. ROGERS, Special Agent, assigned Training and Inspection Division, CAF 13, \$5600, EOD 3/22/37. Rogers is 31, married and has A.B. and LL.B. degrees. He has served at San Francisco, St. Louis, Detroit, Milwaukee and the Washington Field. On August 20, 1941 he was assigned as an instructor in the Training Division and had supervision over the schools at the FHLBB Building and at the Armory. During the early part of his service it was indicated he was slightly "farmerish" but he has developed a great deal and makes a very satisfactory appearance at the present time. He is intelligent, has a good knowledge of Bureau policies as a result of his experience in the Training Division, is an excellent instructor and has administrative ability. He may have a tendency toward lax discipline at the present time but it was the feeling of the Conference that assisting on inspections would eliminate this possible delinquency.

JAMES C. STRICKLAND, Jr., Special Agent, Chief, Alien Enemy Control Section, Security Division, CAF 13, \$5600, EOD 5/23/34. Strickland is 36 and married. He has an LL.B. degree. He has served at Charlotte, Indianapolis, Milwaukee, Seattle, Los Angeles, St. Louis and was #1 Man at Atlanta. During his early years he was characterized as having a good personality, being conscientious, forceful, aggressive, a hard worker with good judgment who made friends easily and developed many good contacts. On November 17, 1939 he was assigned to the Investigative Division at the Seat of Government where he handled supervisory duties in a very satisfactory manner. On July 10, 1941 he was transferred to the Security Division where he served as Unit Chief in Charge of Selective Service and Custodial Detention matters until later named in charge of the Alien Enemy Control Section. His work has been excellent as a Unit Chief and he has forcefully and capably handled a difficult job. Strickland does not make the best possible appearance, being a little dowdy in dress. The Conference was of the opinion that this could be definitely improved, however, and that he had the intelligence, industry and ability to function very well as an Agent in Charge. It was felt that training on inspections would be of exceptional benefit to him.

ROBERT E. LEE, Special Agent (A), Supervisor Chief Clerk's Office, CAF 12, \$4600, EOD 1/10/38. Lee is 31 and married. He has served at Richmond, Newark and Chicago. Since February 28, 1941 he has been a supervisor in the Chief Clerk's Office. The early part of his service was about average and his record has been exceptionally good since 1939. He has been characterized as having aggressiveness, being forceful and exercising initiative. He has an outstanding personality and is extremely enthusiastic and persevering. He has a lot of energy together with good judgment. He obtains good cooperation from those with whom he works. He has done an outstanding job in the procurement of personnel.

DUANE L. TRAYNOR, Assistant Special Agent in Charge, St. Paul Office, CAF 12, \$4600, EOD 8/2/37. Traynor is 33 and married. He has served in San Francisco, Portland, Seattle and Los Angeles as an agent. He was designated #1 Man at San Diego in September, 1939 and in June, 1940 was transferred to the Bureau as a Supervisor in the Security Division. While assigned to that division he did a very good job as Section Chief of the Sabotage Section. He was designated as Acting Special Agent in Charge at Buffalo on January 3, 1943 and demoted and transferred to St. Paul as Assistant Special Agent in Charge on May 3, 1943 as a result of anonymous communications received from the Buffalo Office and inquiry there which reflected that Traynor had not exercised good judgment. It was the feeling of the Conference that this man has definite possibilities and was somewhat the victim of inexperience and circumstances on his try as Special Agent in Charge. It was felt that he has executive possibilities and should be given further training and experience. The Conference believes that assisting on inspections would mature him and make him qualified as a good Special Agent in Charge.

OK
H. S. SCOTT/ALDEN, Special Agent, Chief, Visa and Exit Control Section, Security Division, CAF 13, \$5600, EOD 7/6/36. Alden is 36 and married. He has served as an agent at Atlanta, Birmingham, New York and the Washington Field and has had experience as a Resident Agent and as a class monitor. He was also #1 Man in the Memphis Office for a short period in 1938 at which time he was removed as a result of a fugitive's escape. He served as a supervisor in the Investigative Division from February, 1940 until he was transferred to the Security Division in June, 1941. Alden is a very energetic individual who definitely has administrative and executive ability. He has handled a large volume of work with tact and good judgment and is highly thought of by Mr. Tamm. Alden is inclined to worry and be somewhat nervous but it is believed that these attributes might add to his efficiency rather than detract therefrom. He assisted in the review of files on the New York inspection.

H. ROBERT H. HICKS, Assigned Training and Inspection Division, CAF 13, \$5600, EOD 9/23/34. Mr. Hicks is 42 and recently married. He was transferred to the Bureau on December 11, 1939 as a supervisor and designated as Special Agent in Charge of the Quantico Barracks on October 18, 1940 in which capacity he served until August, 1943, when transferred back to the Training Division to assist Mr. Clegg. Mr. Hicks is an excellent contact man and has a good record in the Bureau. He has been away from investigative activities for some time and it was the feeling of the Conference that helping on inspections would give him excellent training.

H. ALVIN C. SCHLENKER, Assistant Special Agent in Charge, Charlotte, CAF 12, \$4600, EOD 8/2/37. Schlenker is 34 and single. He served as a clerk in the Bureau from June 1931 until appointed an agent in August 1937, during part of which time he served in the Director's Office. As an agent he served at Charlotte, New York and Buffalo. He was Assistant Special Agent in Charge at Buffalo when the anonymous communications were received from that office and was transferred to Charlotte in the same capacity on May 4, 1943. Schlenker has also served as a supervisor in the Identification Division. Schlenker has developed in recent years and has done a good job as Assistant Special Agent in Charge. He makes a good appearance and his personality has improved. The Conference felt he should be given an opportunity to further reflect his ability by helping on inspections.

OK
H. JACK B. MINOR, Special Agent, CAF 12, \$4800, EOD 8/2/37. Minor is 32 and is married. He has B.S. and LL.B. degrees. As an agent he served at Richmond, New Orleans and has had experience as a Resident Agent. He served as a supervisor for six months in the Crime Records Section after which he was transferred in June, 1940 to the Investigative Division where he served for one year prior to being transferred to the

Security Division as a supervisor. On December 28, 1942 he was re-assigned to the Crime Records Section as Assistant to Mr. Nichols and on March 31, 1943 was transferred to New York to assist Mr. Doyle on SIS work. Minor makes an excellent appearance and has had a uniformly satisfactory record. He will take responsibility, is tactful and has a lot of energy. He has a very keen and active mind, is dependable and meticulous. He is somewhat youthful looking in appearance but has done a good job in contacting cover companies in New York City. He has very definite possibilities for future development.

HARRY G. LAYNOR, Assistant Special Agent in Charge, Cleveland Office, CAF 12, #4800, EOD 5/15/39. Laynor is 29, married and has LL.B. and MFL degrees. He has served in Charlotte, Boston, Baltimore and the Washington Field. He has experience as a Resident Agent and was #3 Man and #1 Man of the Washington Field Office prior to his transfer to Cleveland on August 30, 1943 as Assistant Special Agent in Charge. He was a supervisor in the Security Division from January 22, 1941 to May 5, 1941. Prior to becoming an agent his services in a clerical capacity at the Bureau were very satisfactory for a period of three years. As an agent he has had a uniformly good record indicating aggressiveness, thoroughness, loyalty and an excellent knowledge of his duties. He makes a very fine personal appearance and has a pleasing personality.

FRED T. MC INTYRE, JR., Special Agent, assigned Training and Inspection Division. CAF 12, #4800, EOD 4/23/34. McIntyre is 40 years of age and married. He has an LL.B. degree. He served as an agent in the Birmingham, Boston, Washington and Baltimore Field Offices and had extensive experience as a Resident Agent. Since November 16, 1940 he has been a supervisor in the Training Division. McIntyre can very capably maintain contact with police officials and has been a good police and agent instructor. He has a great deal of enthusiasm and loyalty. He makes a very good appearance and has a most pleasant personality. The Conference recognized, however, that due to his physical condition since he has an inactive case of tuberculosis it is most doubtful that he could ever serve as a Special Agent in Charge. It was believed nevertheless that training on inspections would enhance his value to the Bureau and particularly to the Training Division and that he was very well qualified for this type of service.

JOHN K. MUMFORD, JR., Number One Man, Security Division, CAF 13, #5600, EOD 10/11/37. Mumford is 36, married and has B.A. and LL.B. degrees. He served as an agent at Kansas City and Louisville, being a Resident Agent in the last office for over a year. He was then a supervisor in the Investigative Division from January 13, 1940 until May 28, 1940 when he was assigned to the Security Division in which division he has served as a supervisor and as a section chief until designated as #1 Man to Mr. Ladd in December, 1942. Mumford has a good record. He is very intelligent, industrious and cooperative. He has an excellent knowledge of Bureau policy, is aggressive and has definite administrative and executive ability.

CLIFFORD A. GRILL, Assistant Special Agent in Charge, Buffalo Office, CAF 12, \$4800, EOD 11/30/36. Grill is 33, married and has J.D. and LL.B. degrees. He served as an agent at Detroit, Kansas City, Philadelphia and the Washington Field. He was #1 Man at Philadelphia from August 19, 1939 to April 11, 1940 where he did a very good job and then served as a supervisor in the Investigative Division from June 18, 1940 until designated as Assistant Special Agent in Charge at Buffalo on May 25, 1943. During the earliest part of his service as an agent his work was about average and then he rapidly developed, it being indicated he had an unusual knowledge of the work and functions of the Bureau, displayed exceptionally fine judgment, was accurate and applied himself well. His services as a supervisor were very satisfactory and from all indications he has done a good job as an Assistant Special Agent in Charge. He is a good lecturer and can make an excellent public address. He has definite executive possibilities.

RICHARD W. HOSTENY, Assistant Special Agent in Charge, Chicago Office, CAF 13, \$5600, EOD 5/15/39. Hosteny is 32, married and has A.B. and J.D. degrees. As an agent he served at New Orleans, Richmond, San Antonio, New Haven and Providence. He has had extensive experience as a Resident Agent. He has been Assistant Special Agent in Charge at Chicago since October 9, 1941. His record has been uniformly good although it has been indicated he had only moderate forcefulness and aggressiveness. He received a meritorious promotion in connection with the Touhy case and Mr. Drayton in his last report indicated Hosteny had more than an average amount of initiative, made good contacts and had more than an average amount of supervisory, administrative and executive ability.

JAMES C. ELLSWORTH, Assistant Special Agent in Charge, Los Angeles Office, CAF 12, \$5000, EOD 1/2/35. Ellsworth is 35, married and has no degrees although he has attended the University of Utah and the Kansas City and Benjamin Franklin Law Schools. He has served as an agent at Portland, Washington, Newark and Los Angeles. He was #1 Man at Portland from October 22, 1935 until May 24, 1936 when he was designated as a supervisor in the Chief Clerk's Office where he served for five months. He has had extensive experience as a Resident Agent and was #1 Man at Los Angeles from March 28, 1939 until September 26, 1939. He did excellent work on the Ducase after which he was returned to Los Angeles, designated #1 Man on August 1, 1942 and Assistant Special Agent in Charge on May 28, 1943. Ellsworth has an excellent and well-rounded knowledge of the Bureau's work and is an extremely dependable and capable investigator and agent. Mr. Hood has stated he is exacting, aggressive, tactful, firm and enthusiastic. His personality could stand more warmth and it is believed this type of training would be very beneficial. He makes a neat and good appearance.

JAMES D. GOOD, Assistant Special Agent in Charge, Jackson Office, CAF 12, 4600, EOD 11/1/38. Good is 28, married and has B.A. and LL.B. degrees. As an agent he served at San Francisco, St. Louis, Detroit and the Washington Field. He was #1 Man in Detroit from June 10, 1940 until assigned as a supervisor in the Investigative Division on August 19, 1940. He was designated #1 Man at Jackson where he has served since June 22, 1941. In addition he has had experience as a monitor in the KPA. Good makes a good appearance, is extremely capable in contacting law enforcement officers, is enthusiastic, did an outstanding job as an instructor with police training schools, has a good background of experience, has exhibited definite executive ability and SAC Untreiner has consistently indicated Good was capable of serving as a Special Agent in Charge.

BURTON F. WIAND, Special Agent, CAF 12, 4600, EOD 11/6/39. Wiand is 29 and married. He served as an agent at Newark, Charlotte, and New York. He has had experience as a Resident Agent and has been a supervisor and #1 Man to Mr. Donegan in New York City handling major cases. He has a very satisfactory record in the Bureau and since his assignment at New York has developed rapidly, being considered by Mr. Conroy as the best supervisor in the office. Mr. Connelley also thinks highly of him. He has a pleasing personality, creates a very favorable impression, is interested, intelligent, extremely conscientious, has initiative, is reliable, loyal and from all indications possesses administrative and executive ability.

JEREMIAH F. BUCKLEY, Special Agent, assigned Security Division, CAF 12, 4600, EOD 4/18/38. Buckley is 38, married and has an LL.B. degree. He served as a fingerprint man in the Identification Division from 1934 until he became an agent in 1938. As an agent he served at Charlotte and New Orleans. He was a Resident Agent for a year. He was a supervisor in the Identification Division from January 9, 1940 until transferred as a supervisor to the Security Division on December 4, 1942. His work as an agent was satisfactory and he has shown definite administrative ability as a supervisor. He is alert and intelligent, with a good knowledge of the Bureau's work. Mr. Ladd and Mr. Tamm think most highly of his ability. Buckley is rather thin and approaches frailty in his appearance. It is also possible to gain a first impression that he lacks enthusiasm and warmth in his personality but those officials who have been closely connected with him state that this is inaccurate and that he has exceptional ability in making and maintaining official contacts. It was the opinion of the Conference that he should be given this opportunity to further prove his ability.

ELMER F. EHRICH, Special Agent, CAF 13, 45600, EOD 9/24/34. Ehrich has served as an agent at Chicago, Atlanta, Los Angeles, Oklahoma City and New York. He was #1 Man at Los Angeles from August 22, 1936 to February 10, 1938, was later a Resident Agent at Tulsa, Oklahoma and was a supervisor in the New York Office until July 8, 1943, when designated as #1 Man to Mr. Crowl. Ehrich during his early career was pretty much up and down, doing some excellent work and then through lack of

judgment getting into trouble. He has definite ability and is doing a good job handling a large number of men and effectively supervising important cases at New York. It was the feeling of the Conference that Emrich has probably settled down somewhat and was deserving of further opportunity.

RALPH W. BACHMAN, Assistant Special Agent in Charge, Pittsburgh Office, CAF 12, #4600, EOD 5/1/39. Bachman is 35 and married. After serving in the Charlotte Office he was transferred to Pittsburgh on November 22, 1939. He was designated #2 Man in that office on September 15, 1942 and so served until named Assistant Special Agent in Charge on April 3, 1943. He has an excellent record and is well above average in every way. He makes a very fine appearance, is mature, well poised and should definitely be considered for the position of Special Agent in Charge some time in the future. He has just been transferred from Pittsburgh to Newark in order to give him further experience.

Respectfully,
For the Conference

Mr. Lee is a Special Agent and as such holds a key position as designated by the Review Committee of the War Manpower Commission within the meaning of Executive Order 9309. The performance of his duties is essential and critical to the execution of the work assigned by law and Executive Directive to the Federal Bureau of Investigation.

To the Federal Bureau of Investigation is assigned the responsibility of investigating all acts of espionage, sabotage and all actions tending to undermine the internal security of the nation. We must also investigate and enforce all those federal statutes assigned to the investigative jurisdiction of this Bureau such as: bank robbery, kidnapping, interference with the interstate transportation of goods, National Stolen Property Act, White Slave Traffic Act, etc., the enforcement of which is necessary to the preservation of the national health, safety and interest.

To carry on this work it is necessary to maintain a corps of trained investigators. Mr. Lee is such a trained investigator. In the attached Form 42 S further information relative to Mr. Lee is set forth.

SPECIAL AGENTS

This position has been designated as a key position by the Review Committee of the War Manpower Commission.

The Federal Bureau of Investigation has been designated as the sole civilian government investigative agency having jurisdiction over the investigation of matters pertaining to national defense such as espionage, sabotage, registration of agents of foreign principals, sedition, treason, and the like, and further, the Federal Bureau of Investigation has sole investigative jurisdiction in a great number of other Federal statutes which embrace bank robbery, kidnaping, extortion, white slave traffic, National Motor Vehicle Theft Act, and numerous others. The investigative work in connection with the above violations is performed by the Special Agent personnel of this Bureau, who are recruited from applicants between the ages of twenty-five and forty. They must be graduates of a law school or an accounting school with the necessary accounting experience, or graduates of a university with extensive investigative experience, or with linguistic qualifications, or have basic educational training and possess satisfactory prior law enforcement experience which will enable them to satisfactorily perform the duties imposed upon them. For certain of the scientific investigative work, Special Agents are secured who primarily are qualified in the sciences, such as ballistics, chemical analysis, spectography, cryptography, mineralogy, metallography, toxicology, and other like sciences. Applicants for appointment to the position of Special Agent must meet the physical standards and requirements for this position, which are exceedingly high. They must have vision of no less than 20/40 in one eye, 20/50 uncorrected, both eyes to be corrected to 20/20. They must have no color deficiency whatever.

Special Agents of the Federal Bureau of Investigation undergo a rigorous training program. All newly appointed Special Agents in the Federal Bureau of Investigation attend training classes for a period of sixteen weeks; the hours of training are from 9:00 a.m. to 9:00 p.m. daily, which course of study is equivalent to two full years of college study. During this period of training, they are thoroughly instructed in the basic rules and regulations and jurisdictions of the Federal Bureau of Investigation. They must satisfactorily pass numerous written examinations during their period of training. If a trainee fails to pass any of these examinations, he is dropped from the school.

The duties of a Special Agent of the Federal Bureau of Investigation are most arduous. They must be available at a moment's notice to go to any part of the United States or to any assignment outside the United States. The hours of duty for these employees are such that they must be in excellent physical health. The average work week for a Special Agent of the Federal Bureau of Investigation is no less than seventy hours. The work of a Special Agent, regardless of his particular qualification, is such that he cannot lead a sedentary or well regulated life. Due to the small number of Special Agents of the Federal Bureau of Investigation presently handling the work under the jurisdiction of the Federal Bureau of Investigation within and without the continental United States, it is necessary that the entire staff be highly mobile.

Special Agents are required to be able to conduct investigations in more than 100 types of cases, including espionage, sabotage, subversive activities, frauds against the government, kidnaping, extortion, bank robbery, White Slave

Traffic Act, etc. They are trained in and required to maintain constant skill in the use of highly technical equipment, technical processes, such as those necessary for the development of latent fingerprints, concealed or obliterated numbers upon firearms, to understand the use of code messages, to conduct physical surveillances of subjects of espionage and similar cases, sometimes for periods of many months, and when necessary, to assume a necessary character to enable them to fit in an undercover capacity into the activities and operations of groups such as foreign agents, who are engaged in thwarting the war effort.

The arduousness and importance of the work of Special Agents of the Federal Bureau of Investigation was readily recognized by the military and naval leaders. The Chief of the Bureau of Navigation, for the Secretary of the Navy, requested Special Agent employees of the Federal Bureau of Investigation to submit their resignations from reserve commissions held by them in the naval services because it had been determined that those Special Agents could better serve their country in their present assignments than if they were to be called into active naval service. The Secretary of War, in 1942, addressed personal communications to 168 Special Agents of the Federal Bureau of Investigation who at that time held reserve commissions in the Army. The Secretary of War at that time advised the Special Agents that their employment in the FBI is of such vital importance to the national defense as to necessitate their remaining at their posts of duty despite the fact that they held reserve commissions in the United States Army, and the request was made that these Agents, through the proper channels, submit their resignations from their commissions.

General Lewis B. Hershey of the Selective Service System pointed out in his Directive to all Local Boards of December 29, 1941, that Special Agent positions of the FBI were most important and essential to the national health, safety, and interests, and that the national defense functions of the FBI should not be impaired by the removal of trained personnel from critical positions in the Bureau.

The position of Special Agent has always been considered the most critical of all positions in the FBI, since, with the tremendous bulk of work placed upon us due to the war emergency, it is essential that a trained qualified staff be available for the handling of this work. If the Federal Bureau of Investigation cannot continue to retain its personnel in this critical position, aid and comfort would most certainly be given to the enemy and others whose interests are inimical to the best interests of the country today.

I, J. Edgar Hoover, do solemnly swear (or affirm) that I am the Director of the Federal Bureau of Investigation and that the foregoing statements are true to the best of my knowledge and belief.

Subscribed and sworn to before me this 3rd day of March 19 44

Re: ROBERT E. LEE

Dear Mr. Hoover:

From March 20 to April 1, 1944, Special Agent Lee has been assisting me on the inspection of the Washington Field Office.

I wanted to inform you of his ability. During the course of the inspection he worked hard, used extremely good judgment, is capable of meeting people and winning their confidence. He is above average in intelligence, willingness, and loyalty, and I feel at this time he is capable of conducting any inspection without further supervision.

Respectfully,

I am attaching hereto a permanent brief of the above mentioned Special Agent who is assigned in a Supervisory capacity in the Administrative Division.

You will recall that Lee during the past several years first performed an excellent job in the handling of applicant matters and securing clerical personnel for the Bureau. For the past year he has been assigned to my immediate office handling budget and accounting matters in the absence of Special Agent Robert H. Laughlin and Special Agent T. J. Scott. He has done excellent work in this regard. He has gotten rid of a lot of red tape, stepped up the handling of many accounting and budget matters in the department and all in all is doing an outstanding job. The position which he occupies at this time and has occupied for the past year is really that of Chief Clerk of the Bureau. That position is properly allocated in Grade Caf-13, \$5600 per annum. This position is vacant since Mr. Laughlin who is regularly designated as Chief Clerk of the Administrative Division is on leave without pay basis on special assignment. It is not known when Mr. Laughlin will return and undoubtedly when he does return as undoubtedly will also be the case of Mr. Scott, both will be used in Inspectors positions due to their experience on their special assignments. At the present time Mr. Scott is Grade Caf-12, \$4600 per annum and Mr. Lee is in Grade Caf-12, \$4800. There are no other Grade Caf-13 positions in the Administrative Division and I have not asked for any in the past. I do feel, however, that since Mr. Lee is performing the work that has regularly been classified as Grade Caf-13 work by the Civil Service Commission that he should be reallocated from his present grade and salary to Grade Caf-13 at \$5600 per annum.

R. E. LEE

Lee is Acting as Chief Clerk of the Bureau at the present time in the absence of Chief Clerk Laughlin and Special Agent Thomas J. Scott. Before his assignment he was Assistant in Charge of the Personnel Unit under both former SAC Piper and Inspector Acers. He has handled his duties excellently wherever assigned. I feel that the success that we have had in getting employees, clerical employees particularly, during the past several years has been attributable to his efforts. He is an excellent accountant. He did a good job on the preparation of budget material for next year and is keeping on top of the budget studies this year. He has made many changes in the Budget and Accounting Section. He has streamlined the units and we are getting better results with fewer number of employees. He has been given special inspector's training, has assisted in two inspections, and has been reported on by Mr. ~~Hine~~ ^{Egan} as being fully qualified to conduct an inspection of his own without assistance at this time.

This Agent is a good contact man and is a good man to handle personnel. He has had a well-rounded field experience. He could handle any of the smaller offices of the Bureau at the present time as Special Agent in Charge. He could be given an assignment of Assistant Special Agent in Charge of any office of the Bureau and we could rest assured that he would handle the work well with the thought in mind always that the Bureau must receive first consideration. It is felt that he should be retained in his present assignment at this time; however, if through other assignment he could advance in the service no objection would be raised to such an assignment being made although it would be particularly difficult at this time to secure a replacement who would be able to handle the work presently being handled by him. He performs a considerable amount of voluntary overtime. He is loyal to the Director and to the Bureau.

MEMORANDUM FOR MR. GLAVIN

RE: MONTHLY AUTOMOBILE REPORTS

As you know at the present time all field offices are required to send in monthly reports on automobiles showing the number of miles driven gallons of gasoline used, and the amount of repairs. I have been reviewing a number of these reports with the view to sending out uniform instructions that these monthly reports will appear erroneous with respect to a particular car, inasmuch as the amount of gasoline purchased seems to be inconsistent with the number of miles driven. However, in each instance, when these reports are further analyzed over a 3- or 4-month period, these errors compensate to the point where the expenditures appear to be justified.

I feel that in preparing these monthly reports, many field offices do not get all of the gasoline that is purchased reported in the month in which it is used because they may be preparing a report from bills rather than from duplicate receipts obtained by the Agents. No doubt in many of these offices, these receipts are retained in the possession of the Agents while they are on road trips.

I feel that the submission of this report is essential and is a good accounting control on the automobile expenditures; however, I would like to recommend that we change our requirements and have this report submitted on a quarterly basis covering a 3-month period.

In the event this is approved, I would like to send out detailed instructions for the compilation of this report at the same time we notify the field of the change in requirements.

Respectfully,

R.E. LEE

WASHINGTON, D. C.

January 25, 1944

MEMORANDUM FOR THE DIRECTOR

Reference is made to your memorandum of January 11, 1944, concerning the Bureau's instituting a long-range program for the development and future selection of Agents for the position of Special Agent in Charge, and that I should submit the names of those Agents selected by me not later than February 1, 1944.

With reference to the present supervisory staff of the Administrative Division, I recommend the following Special Agents, assigned to the Administrative Division, for such training:

1. Special Agent (A) H. H. Laughlin. Laughlin has demonstrated his fitness as Chief Clerk of the Bureau and has been on detached special assignment for approximately one year. Should he return to active duty, I feel he most certainly should be given this training.

2. Special Agent (A) T. J. Scott. Scott acted as Chief Clerk after Special Agent Laughlin has been assigned to detached duty and he, Scott, has been on detached duty for several months. He has demonstrated through the performance of his duties as Acting Chief Clerk and through the performance of his work on detached duty that he definitely has qualifications for further consideration for the position of Special Agent in Charge.

3. Special Agent (A) R. M. Lee. At the present time Mr. Lee is acting as Chief Clerk of the Bureau and is being given specialized training by the Training Division of an administrative and inspection nature at this time. Lee has been in the Bureau since January 10, 1938, and has been assigned to the Chief Clerk's Office since February 29, 1941. Lee did an outstanding job in securing personnel while assigned to personnel activities; and when it became necessary to utilize his experiences as accountant in budget and accounting problems, he went about learning the job which was entirely foreign to him. He did an excellent job on the budget and is doing a good job in revamping the Budget section of

the Bureau at this time. He has the ability of getting along with people. He was a good Field Agent and I feel that he will develop further in the service.

4. Special Agent J. P. Mohr. Mohr, Assistant to Mr. Acers, is doing a good job. Mr. Acers states that he knows the work, can be relied upon, is intelligent and can handle outside contacts. I feel that Mohr has the ability to develop further in the service. He gets bullheaded once in a while, but I think that is to his advantage since he is sure of his ground and then stands on that ground; however, when instructions are given, even though he may not agree to it, when it is explained to him no difficulty at all is experienced with him. He does the job the way he has been instructed to do it.

5. Special Agent W. M. Whelan. It is felt this Special Agent, who has been in the service since January 21, 1941, and who has been assigned to the Administrative Division since December 4, 1942, has very definitely a good future in the Bureau. He has done an outstanding job in handling Selective Service matters. In Washington, I feel, we have the worst Selective Service situation in the entire country, and he, Whelan, has been successful, in, I would say, 95 percent of the cases which we have had difficulty in town. He gets around, he knows these fellows, he can explain the Bureau's problems. He practiced law in town previously. Whelan makes an excellent appearance, is an excellent contact man and I feel he should not be overlooked for future development.

There are several other Special Agent Supervisors of the Administrative Division who show definite possibilities of developing and should be borne in mind for future training after additional experience is secured by them.

A further memorandum will be submitted on these particular employees from time to time.

Respectfully,

W. R. Glavin

REL:rj

MR. GLAVIN

DATE:

July 11, 1944

FROM :

R. E. LEE

SUBJECT:

Former Bureau Employee
Delay in Answering Communication

With reference to the request of Mr. Tolson for an explanation as to the delay in the acknowledgment of a letter from the above mentioned former employee, I wish to advise as follows:

The letter was received originally in the Chief Clerk's Office on June 11th at 11:36 AM. Upon the receipt of this letter in the Payroll Office it was noted that this young lady appeared on the supplemental for her final check and accordingly the letter was not acknowledged at that time inasmuch as it was felt that the check would be mailed within a few days. A notation was placed thereon on June 19th that the check was mailed on June 15th.

This letter was then routed to the Records and Communications Section for handling concerning an inquiry with regard to the Investigator. On June 24th a letter was prepared on note stationary by the Records and Communications Section and was given to me by you inasmuch as the letter indicated that a separate communication would advise her concerning the inquiry on the money due her.

At this time I made a further check on the accuracy of the final check sent her and found that she was overpaid one day by reason of the fact that she was placed on indefinite leave without pay on March 22, 1944. Consequently, it was necessary that this letter be rewritten.

After ascertaining this I put this communication in my dictation box; however, as you know, I was called home on an emergency and consequently I did not answer the letter until my return on July 8th, and the letter went out on July 10th.

I realize that this matter was very badly handled, and try as I might I can find little excuse for my own dereliction in this regard. I am very conscious of the necessity of answering mail promptly and I frankly don't know how this thing got out of my control for such a long period of time.

OFFICE MEMORANDUM
REL: rj

UNITED STATES GOVERNMENT

TO : MR. GLAVIN
FROM : R.E. LEE
SUBJECT : 60-Hour Week
Identification Division

DATE: July 1, 1944

I have just been furnished a count of the number of employees presently working the 60 hour week and this figure comes to only 895.

As you know, when we originally started this program we had as many as 1600 employees working the 60-hour week at one time. The number has been steadily diminishing and I have been advised that many employees presently on the 60-hour week would like to get off for the summer; however, they are afraid if they leave this tour of duty for the summer they will not be able to return to the 60-hour week after the summer months.

It is recommended that we discontinue the 60-hour week at the end of a pay period during the summer months and recontinue this tour of duty in the fall.

Director, FBI.

Dear Sir:

RE: INSPECTIONS
SA R. E. LEE

SA R. E. LEE assisted me in the inspection of the
Chicago Office from November 10 to 24, 1944.

During this inspection Mr. LEE was assigned to re-
view general investigative files, to the inspection of auto-
mobiles, firearms, restraining devices, photographic and related
equipment, to conduct personnel interviews, investigative and
clerical, to check storage space outside of the office, to
review various administrative files such as confidential
informants, sources of information contacts, and related
matters; also to audit the confidential fund, to explore space
matters and some possible reorganization of the space in the
Chicago Office.

Mr. LEE understands Bureau policies, knows the
purposes of inspections, is able to get along with the super-
visory and other personnel, is thorough, vigorous and industrious
and in all respects did an excellent job while with me in Chicago.

I should be pleased to have Mr. LEE assigned to
me in connection with any other inspections the Bureau may
see fit to assign me in the future.

Special Agent Robert E. Lee assisted me on the inspection of the Washington Field Office from February 12 to February 23, 1945, inclusive.

During this time I found him to be an industrious, interested, willing and hard worker. He exercises excellent judgment and can take ahold of any work assigned to him and handle it with little or no supervision. He has clearly demonstrated that he has executive and administrative ability and I consider him capable of taking charge and directing an inspection of any office as he has a likable personality, mature judgment and has a happy faculty for getting along with the employees in a very satisfactory manner. I consider him far above average on this type of work.

He has done an outstanding job wherever assigned

RE: ROBERT E. LEE
Special Agent
Administrative Division

My efficiency rating of the above-mentioned employee for the calendar year ending March 31, 1945, is .
EXCELLENT.

Lee has continued in the face of much personal adversity to perform an outstanding job. During the rating period he has assisted on a number of inspections both at the Seat of Government and in the Field and has been rated very highly by the Inspectors in Charge. Mr. Egan has reported that Lee is thoroughly capable of performing an inspection without assistance. He has continued to perform outstanding work in the budgetary and accounting division of the Bureau. He is able to get along with folks, and his subordinate employees have the greatest confidence in him. He is very loyal to the Director and the Bureau, and I would have no hesitancy of recommending him for any assignment the Director might wish to give him. He is outstanding as a Supervisor, and I feel he is best serving the Bureau in his present position.

The above-named Special Agent was assigned to assist the writer in the inspection of the Laboratory during March and April, 1945. He has received Inspectors' Training and was assigned individual sections in connection with the inspection. He is thorough, is well grounded in Bureau policy and procedure, is imaginative and as a result he is able to do a highly satisfactory job. He is an excellent man at detail and during the course of the inspection worked out several suggested changes in the procedure, some of which were adopted and which should prove of considerable benefit to the efficient operation of the Laboratory.

Special Agent Lee is, in my opinion, an extremely well-qualified man to handle Bureau inspections. His work in the Laboratory inspection entitled him to a rating of EXCELLENT.

Respectfully,

S. J. Tracy

PERSONNEL

Reference is made to the Director's memorandum of November 23, 1945, SAC Letter No. 108, Series 1945, concerning personnel wherein I was instructed to submit by January 15, 1946, a list of those Special Agents in my office who should be considered on a long range basis for development as Special Agents in Charge.

At the present time I feel that the following Special Agents can be considered in this category:

SPECIAL AGENT ROBERT L. LEE

SA Lee is assigned as Chief Clerk. He is in grade CAF-13, is thoroughly qualified in the handling of the Administrative Division, has an excellent knowledge of the budget and an excellent knowledge of the Department. I feel that SA Lee in his present position can much better serve the Bureau, although I have no doubt that he could handle a Special Agent in Charge position in any of the offices of the Bureau, outside of possibly New York, at the present time.

SPECIAL AGENT JOHN P. MOHR

SA Mohr at the present time is the Personnel Officer of the Bureau. He is in grade CAF-13. He is the best qualified Special Agent Supervisor in the Bureau on veterans preferences, Civil Service replacement procedures, WAC directives and other such matters. It is felt that he can best serve the Bureau in his present position. He does have the ability to be considered for a Special Agent in Charge although he is better serving the Bureau in his present position.

SPECIAL AGENT H. L. EDWARDS

Mr. Edwards is presently designated as Classification Officer of the Bureau, is in grade CAF-12 and is exceptionally well fitted for his present duties. He has, however, the capacity, the appearance, the intelligence and the experience to be considered for further development in the Bureau and I would have no hesitancy in recommending him for a high administrative position in the field. I do feel that Mr. Edwards is ideally placed at the present time, although I will not hesitate to release him in the event he can be considered for advancement elsewhere.

SPECIAL AGENT N. P. GALLAHAN

Mr. Callahan possesses the necessary experience, intelligence and loyalty to be considered for further development in the Bureau. He is qualified in all of the Administrative Division work, handles all of the rail and air transportation matters, is an expert on Selective Service matters insofar as Bureau personnel matters is concerned, is entirely familiar with the budget and can be utilized in any unit of the Division without hesitation. He has the capacity for further development. He is presently in grade CAF-12. I would have no hesitancy in releasing him if the opportunity arose for his further advancement in the field service, although he is of great value to the Bureau in his present assignment.

SPECIAL AGENT J. E. EDWARDS

Special Agent Edwards has the capacity for further development in the service. He could be considered at the present time for an administrative position in the field, although he would need further development before being considered for a SAC position. He handles a tremendous volume of work. He is very loyal to the Bureau and is one of the most hard-working Supervisors I have ever had since my period of assignment at Washington. He presently handles all of the disciplinary matters insofar as briefing, research and initial recommendations are concerned, handles all accident, compensation and leave matters, as well as promotions under the Uniform Promotion Act and related procedures. He is well adapted to his present position.

Special Agents Gauthier and Renneberger are presently assigned where they can be of most value to the Bureau. Neither has had any extensive field experience and in their specialized fields, the Bureau is realizing their full worth. It is hoped at some later date that further consideration can be given to their reallocations.

RECOMMENDATION OF AWARD FOR SUPERIOR ACCOMPLISHMENT

Re: Robert E. Lee
Special Agent, Chief Clerk
CAF-13, 46650

It is recommended that this employee be afforded an additional advancement recommended in the attached Personnel Recommendation in view of his superior work accomplishment which has been outstanding over a long period of time.

Special Agent Lee has been outstanding in his performance of duty and merits distinction among those who are rated as **EXCELLENT** employees.

Through his efforts it has been possible to materially reduce personnel employed on pay roll work in the Department. Under his supervision there has been installed mechanical procedures and policies which have resulted in considerable monetary savings to the Government.

He has recommended budget and fiscal procedures for the Federal Bureau of Investigation which have simplified the preparation of budget submissions and as a member of the Conference on Budget Formulation, he advances suggestions looking toward the simplification of budget and fiscal activities. He has performed outstanding work as a lecturer in budget and fiscal matters before law enforcement agencies. As a qualified inspector he has recommended simplified investigative and administrative procedures both in the field and at the Seat of Government which have resulted in substantial savings to the Government. As Chairman of the Administrative and Personnel Survey Committee, he was responsible for the formulation of streamlined and simplified work methods from which material benefit accrued to the FBI.

Throughout the entire war period of the country, his performance of duty has been far beyond that expected from an incumbent in his position. Through his interest in his duties he has performed many hours of voluntary overtime service and continues his active working hours on a seven-day week basis at the present time.

It is felt that through his suggestions and performance of duty he merits distinction among even the highest category of employees occupying a like position in the Government's service.

I am thoroughly satisfied that he is qualified to handle any inspection at the Seat of Government or in the Field without supervision. He has executive and administrative ability and is qualified to organize and conduct inspections and direct the work of others under him.

I consider Special Agent Lee excellent as an inspector.

Re: ROBERT E. LEE
Chief Clerk

Dear Mr. Hoover:

Reference is made to the School of Law Enforcement Administration held at Syracuse University, Syracuse, New York April 29 through May 3, 1946 and to the appearance of Mr. R. E. Lee before that School at which time he addressed those in attendance on the subjects of Preparation and Presentation of Budgets by Law Enforcement Agencies, Public Relations, and Personnel Management.

During the course of the School and on a number of occasions subsequent to its completion I have heard very fine comments relative to the manner in which Mr. Lee handled the assignment and the helpful and constructive thoughts expressed by him during the course of these lectures.

I was present during the course of the lectures, and it was very apparent that the interest of the 92 law enforcement officials in attendance was held very closely at all times. It was also very apparent that they felt that some very constructive information was being given to them.

I feel that the assignment of Mr. Lee to lecture at the School and the manner in which the assignment was handled cannot help but be of very real assistance to the Bureau in New York State, and I wanted to tell you of my appreciation for making him available to address the School.

Sincerely,

A. CORNELIUS, JR.

Mr. Robert E. Lee, Chief Clerk

Dear Bob:

I am enclosing a clipping from the "Syracuse Post Standard" dated Wednesday, May 1, 1946, which I thought you might like to put among your souvenirs.

The comments relative to your talk were exceedingly favorable, and a number of the Chiefs and Sheriffs in discussing the School on subsequent days referred specifically to the information they had obtained as a result of your talk which would be of real value and assistance to them. One Chief in an important position commented particularly to the effect that the information which you had given them would enable them to handle their job much better and he sincerely regretted that it had not been made available to him years before.

I honestly feel that you made a very real contribution to the cause of law enforcement in New York State and that the impression you left with the group cannot help but react very creditably to the Bureau's best interests.

I appreciate very much your coming up, and wanted to drop you this personal note to express that appreciation.

With best regards, I am

Sincerely, *THREE*

Must Work With FBI, Miller Tells Police School

"Close co-operation between federal, state and local officers is mandatory" in these days of accelerated crime and shortened distances, Prof. Robert W. Miller of the College of Law, Syracuse university, told officials attending yesterday afternoon's session, of the School of Law Enforcement administration.

Prof. Miller, a former member of the federal bureau of investigation, had as his topic "New York State Laws of Extradition and Rendition and Their Practical Application."

The school, sponsored by the New York State Association of Chiefs of Police and the New York State Sheriff's association, is being held in Maxwell School of Citizenship on the university campus.

IN FORCE IN 31 STATES

Prof. Miller said the uniform criminal extradition act is in force in 31 states, including New York, and makes it possible to remove a suspect from one state back to the scene of his alleged crime in cases involving treason, felony and other crimes.

He pointed out the federal government's agents may, in certain types of cases, remove a man back to the federal judicial district where the crime was committed without going thru all the legal steps necessary when local police authorities endeavor to obtain extradition of suspects.

OUTLINES CRIMES

These cases are murder, kidnapping, burglary, robbery, mayhem, rape, assault with a dangerous weapon or an attempt to commit any of these crimes.

Criminals who leave one state to avoid arrest in any of these offenses are liable to \$5,000 fine or five years imprisonment under federal law, the professor said.

Whereas "the state line has been an almost insurmountable barrier

to the local law enforcement officer," the uniform extradition law, used by FBI agents, makes removal of suspects from one state to another comparatively easy, he declared.

FBI ACTION EASIER

Therefore, it is to the advantage of local and state authorities to co-operative with the FBI in cases where federal agents can more readily act when wanted suspects have fled local and state jurisdiction.

The federal agents, to return an apprehended suspect, needs only a writ in the district where the crime occurred and another in the district where he was arrested, showing such things as identity, probable cause and that the crime is in the federal offense category.

R. E. Lee, chief clerk, FBI, discussed "Preparation and Presentation of Budgets by Law Enforcement Agencies" and "Public Relations."

FINANCIAL SIDE

Much of his talk was of a technical nature, but Lee pointed out it is necessary for police agency heads to be able to look into the future and anticipate the trend of crime and their financial needs to meet it. Then, they have the job of convincing those who control the purse strings they should be granted the amount they anticipate they will need.

Discussing personnel, Lee said high standards should be demanded when assigning men to police duty. He talked about systems of interviewing applicants, tests, efficiency ratings and other activities which, he said, would "raise the standard of law enforcement."

The school will continue today and tomorrow with discussions of laboratory aids, administrative problems, firearms laws and the "legal aspects of riots and unlawful assemblies."

MR. GLAVIN:

Mr. Lee has continued as Chief Clerk of the Bureau and Number One Man in the Administrative Division during the past year. I continue to rate him as an excellent employee. He is thoroughly familiar with all procedures of the Administrative Division; he is qualified to assist in inspections; he has made numerous appearances before police schools both in Washington and in the police administration schools throughout the country. Through his studies he was responsible for the installation of the I.B.M. system which has materially reduced man hours of work in preparing pay rolls. He is thoroughly familiar with all of our budget procedures and can be depended upon at this time to handle complex budget problems. I have no hesitancy in stating that he is entirely capable of handling the Administrative Division. He is well liked by the employees, has native ability and intelligence to get along with outsiders and other Government agencies. He is qualified to be considered as Special Agent in Charge in practically any office in the country with the exception of the New York Office at this time. I rate him as Excellent.

INSPECTOR EGAN:

Mr. Lee presents a good appearance; he is an expert accountant, has executive and administrative ability and is far above average in all respects. I would rate him as Excellent.
